Panorama - Marine Parade, Napier. N.Z. 202

Oct 19th

Just a line to say that we still live but it terribly cold also expensive. Glad for your sake that you didn't come with us. Everything very crude over here + fifty year behind the times. We hope + expect it will turn out all right eventually, but in the meantime the expense is frightening. I shall have to get a job + soon. Don't worry if letters are delayed movement very uncertain. Come here by Bell through beautiful country. Love from us both Hope you have found somewhere to live. Courtenay
