Aug. 18th

My dear Molly

I hope you are getting some rest after the very strenuous time you must have had before the wedding. This is just a few lines to tell you how much we enjoyed the wedding. I thought you & Harry were wonderful. It must have been a great strain for you both & Harry's deatners must have been very trying for him too. I was so glad to see Constance looking so happy. Do hope the motor car case will go satisfactorily for her. We have had a very nice little holiday. We stayed one night with Amy Barricoat at

Kimbolton & then came here. The boys
were very pleased to see us. They both look
very well & are getting much more sociable.
We are taking back a very good looking
boat that goes by steam engine which
Hugh has made in the works shop at school.
We spent last evening with the Nelson
Macleans. She is such a nice girl & very
capable. We are going to the Curries
to night & home early to-morrow morning.
I have not seen a description of the wedding
in the Dominion yet. I wonder which paper
Mr. Acland represented.

Please don't bother to answer this.
Jack has just taken 4 of boys back to school.
We had Punch Nelson for dinner. He is very
quiet. We had Russell Chambers & John
Giblin for tea. They were a good deal easier.
Yours affectionately
Esther Nelson.
