# ROYS HILL RESERVE RESTORATION PROJECT

The Hastings District Council, in conjunction with the Hastings Landmarks Trust, over the past several years have been working with the community to restore the closed landfill site at Roys Hill. It is hoped that this newly restored site, with its spectacular panoramic views over the Gimblett Gravels will become a popular area of open space, for both locals and tourists alike.

LOCATION MAP

After several years of community planting days and site restoration we're ready to open this new reserve to the public!

As a supporter of this restoration initiative, we have great pleasure inviting you to the official opening of:
