# YOU CAN BUY A BIGGER CAR....

"So swift, so smooth, so quiet, so comfortable, so easy to drive, and so good-looking that you will agree with the man who inspected it and said, 'You can buy a bigger car, but not a better one!'"

This extract from a 1928 motoring magazine described the 1928 Oldsmobile. At this time the body design was sensational, and made the 1928 Oldsmobile quite a noteworthy achievement.

Another noteworthy achievement was also recorded in the automotive world of 1928. Several young men formed an insurance company named the N.I.M.U. Insurance Co., and since its formation it has been offering unparalleled accident service and help solely to motorists. It's strictly an insurance company for motorists. Any time of the day or night, you can call one of the company's agents for assistance or assessment of an accident. Wherever you may find yourself in need, there's always an N.I.M.U. agent within phoning distance.

Call the N.I.M.U. and see about having your car insurance arranged through the motorist's own company.
