In the event of a tie, most first prizes shall count.

21. In all classes where two or three prizes have been awarded, the Judges are directed to "very highly commend," "highly commend," or "commend" the other exhibits worthy of these distinctions. Power is also reserved to withhold a prize where Judges consider it ought not to be awarded for want of sufficient merit.

DIRECTIONS FOR SCORING.

Naming.—Misnaming in plate and single-case entries disqualifies the entry. Collection and case entries will lose two points for each fault.

Size.—The standard size includes the margin of allowance above and below measurement as stated. Measurements within the margin limits will be allotted full points, but, all other score being equal, the determining factor will be the entry measuring nearest the actual centre of standard size arranged. Two points to be sacrificed for every 1-16th in. above or below the standard limits.

Condition.—In judging for condition consideration is to be given to the purpose of the fruit at the time of judging. In explanation: The aim for a plate of dessert apples or pears should be prime condition for dessert purposes when being judged, and points awarded accordingly.

Fruit for local market: The show-bench at time of judging should be treated as the market.

Fruit for export: The condition in which the fruit should arrive at its destination—say, six weeks later.

Staging.—Pleasing effect attained in displaying the fruit.

Market Value.—The popularity of the variety on the New Zealand markets, together with the condition of the fruit exhibited, to be the standard of value for allotting points.
