A Rock Opera in Three Acts

Act I

Jerusalem — Luke and his sister Helen arrive from Athens to set up a new medical practice. Soon afterward they have a visit from two families with a big problem — Mary is pregnant. Luke continues to practice for many years. His nephew falls in love with Judith, a Jewish girl whose father, Eli, disapproves of the match. The peace is disturbed by a man causing strange things to happen.

Act II

Athens — Luke, Helen, Philip and Judith return on holiday and find things aren't as they remember them. After a tangle with the decadence of the big city, they meet Paul, and Luke is impressed by what he has to say.

Act III

Jerusalem — The family return to Jerusalem where they find much civil unrest. Luke eventually decides to join Paul in his ministry and a party is held to farewell him.

There will be an interval between
Acts I and II.
