

St Aubyns Potters
P.O. Box 378
Havelock North.

Dear Maryon,

re October Exhibition

The firing is over and we have put together some pots for the above Exhibition. We have decided to show Containers for flower arrangement - we shall be showing pots at the Cultural Centre at the same time as your Show - and we do not wish to duplicate the pots we shall be have there.

I have enclosed some rough sketches for the interest of those who wonder how to go about arranging some of the unusual containers (as a guide only).

We shall be away from home during the Exhibition so may we deliver the pots to you early? About September 17 will be the latest date for us.

I am enclosing a pamphlet on the kiln history. This has been our last firing - for sure! We still love the whole process and the results - but the effort required is too much for us (especially the wood preparation).

Have fun with the pots and we wish the Exhibition every success for our friends.

Sincerely -

Estelle & Bruce

To St Aubyns Potters Anniversary Exhibition
