ROTARY'S CORNER:

Rotary's "lifeline" is good attendance. Right now our Club is rather anaemic because our attendances for the past few weeks have been very bad! With 15% of our membership on "leave of absence" for such good reasons as extended illness, overseas trips and exceptional business circumstances, the best possible attendance figure we can reach is 95%. To get us anywhere near this figure, I need your support with concerted efforts to be present each Tuesday or to "make-up".

Please do your best - I'm a worried man!
Jim.

WORLD UNDERSTANDING WEEK - 14-20 SEPT. 1975:

This is the week Rotarians are invited to personally support Rotary's effort to foster goodwill among people of all nations. Everyone of us can contribute in some way. It could be by making contacts with other Rotarians in other parts of the world; it could even be by taking part in Thanksgiving and prayer for a better world; or simply by a gesture of friendship and hospitality to persons from other countries who are in our community. One year, a Club in Tanzania emphasised World Understanding Week by displaying Club Banners, and postage stamps sent from other Clubs, and also by displaying the aims of Rotary. Another Club in Malaysia, conducted an essay contest on thoughts of World Understanding, for Secondary School Students. One Club held a meeting, and sent greeting cards signed by the members, to 75 Rotary Clubs. At a Club in Honolulu during World Understanding Week, wives of Rotarians prepared a dinner of American, Chinese, and Japanese foods, and the Club played host to a group of students from Asia, the Pacific, and America. World Understanding Week means what it says - a reminder to us all to make the effort to understand the affairs and problems of other peoples and nations in other parts of the world, and it is this role played by Rotarians within the framework of Rotary's ideal of Service, that makes it a vital and essential force to International Understanding. It is our show of concern, "We Care", that is an encouragement to others to make a contribution to World peace, goodwill, and a greater World Understanding - essential to us all, if we are to live in this world of today.

STUDENT EXCHANGE - ORIENTATION WEEKEND,
September - Friday 12 - Saturday 13 -
Sunday 14. This is one way our members can recognise World Understanding Week by being hosts to these Exchange Students. Members of our Club are invited to attend the special briefing session on Sunday morning and learn more about the Student Exchange Scheme.

PERSONALITIES OF THE WEEK:

Wedding Anniversary:

Sept. 15, Jocelyn & Bryce Jones.

This is the day, the little woman realises her children are at an awkward age - and so is her husband.

A ROTARY THOUGHT FOR THE WEEK: "Some people are standing around waiting to start living as though they did not know that life had already begun."
