CUP DAY AT HASTINGS MEETING

Hawke's Bay Women Are As Keen On Racing As The Men

As on the first day at Napier Park a month ago, the weather yesterday for the opening of the Hastings Jockey Club's autumn meeting was anything but what it should have been...

That Hawke's Bay women are as keen followers of turf doings as their menfolk was very plainly shown yesterday. Scarcely has there been such a tremendous crowd through the stands and lawns, and, contrary to the accepted notions of feminine enthusiasm over races, yesterday's contingent was no fashion parade, but a serious business from start to finish of "picking winners."

In a horse race crowd of this nature, it is not surprising to find that the women are as keen as the men. In fact, they are often more so. They are not only keen, but they are also very intelligent. They know their horses and their jockeys, and they are able to make a good selection of winners.

WILL BE ONE OF BEST GROUNDS IN DOMINION

Nelson Park Extension Will Allow Concentration of Hastings Sports

Proposals for what may eventually become one of the finest sports grounds in the Dominion have been submitted recently by the Mayor of Hastings (Mr. A. M. Maddison). Already a number of sports are being held at the council's adjoining Nelson Park, and this will be concentrated at the new ground.

The cost of the land was £1200, a very satisfactory price for a sports ground of this size. The new ground will be a most valuable asset to the town, and it is hoped that it will be completed in the near future.

It is also mentioned that there will be a new full-sized cricket ground with full provision for the convenience of the players and spectators. This will be a most valuable asset to the town, and it is hoped that it will be completed in the near future.
