QUEEN DOES NOT APPROVE OF PRINCE'S ACTIONS

Trouble in Dutch Court "LIGHTNESS OF MANNER" FROWNED ON

Princess Copies Husband

United Press Association—Copyright. (Received April 7, 11 p.m.)

Minor differences are reported to have arisen between Queen Wilhelmina of the Netherlands and Prince Bernhard, the German Prince who married the Queen's daughter, Princess Juliana, last year.

Prince Bernhard's lightness of manner and modesty have seemingly disturbed the severity of the Dutch Court, says the "Daily Mail" correspondent at the Hague.

Princess Juliana and Prince Bernhard were brought up differently and the fact that Princess Juliana follows many of her husband's ideas does not please the Queen, resulting in some differences, notably on the question of Sunday observance.

SIX GROUPS INTERESTED IN THE SEARCH FOR PETROLEUM

Applications for Licences To Prospect Total Seventy-Eight

By Telegraph—Press Association. WELLINGTON, April 7.

Seventy-eight applications from six different groups have been received by the Minister of Mines (Mr. Hoop, P.C. 10460) for petroleum prospecting licences, and four licences for the Galaxide district are to be issued at an early date.

"Everyone is aware" said the Minister, "that applications should be made for these licences as early as possible."

There is no district however in which the issue of licences has been held up for a long time. It has been able to make an immediate issue of licences in the Galaxide district. In this locality a tremendous amount of petroleum has been carried out over a long period of years and the application for a licence to prospect in this area is being considered.

The period for application of licences is being extended to the end of the year. It is expected that the issue of licences will be completed by the end of the year.

FRANCE NEARS THE CROSSROADS

Political changes in France have now reached an intensified
degree, and it is difficult to believe that the result of French
elections will be a return to the status quo.

It is not surprising that the French people are so
impressed by the results of the elections, and that they are
so anxious to see a change in the Government.
