**CONDITION OF ONE IS SERIOUS**  
**Both Vehicles Practically Beyond Repair**

Four persons were injured and two cars crushed today on the approach to the Tamaki Drive bridge, on the Danneverke-Woodville Highway near Knight Hill.

Three injured were—  
Mr. J. Gilson, chairman of directors of the Maharashtra Dairy Company, both legs broken, arm broken and shock; condition serious.  
Mrs. Gilson, shock and severe abrasions, condition last night satisfactory.  
Mr. R. Falveather, labourer, of Teponakia, sliding head injuries and shock; returned home after attention.  
Mr. Falveather's car, a Buick model, was proceeding south. The other car, a sedan, was driven by Mr. J. Gilson, Jan. The passenger in the latter, Mr. Combes, and Mr. Falveather were thrown through the windshield by the impact. Both were unconscious. A dog, sitting on the running-board, was badly mangled.

The six people in the sedan, which suffered the worst damage, were fortunate to escape from serious injuries. The engine was pushed away to the front end, the steering wheel being located where it hit the driver.

Behind the driver and Mrs. and Mrs. Gilson, was the other car, a Buick. Mrs. J. Gilson, who was driving, was thrown two yards. Children all three received only cuts and abrasions. Both cars are practically beyond repair.

**Prime Minister Emphasises That Country Will Not Commit Itself**

Despite existing treaties with France and Belgium, the British people declined to commit themselves to any other countries and must reserve to themselves the right to do whatever they would like to do, declared the Prime Minister (Mr Neville Chamberlain) in a speech to the Birmingham (Midland) Chamber of Commerce.

"It would be a gamble if the advice were offered to take the course of having done the circumstances in which we would go to war," said Mr Chamberlain. "We would not give the world for war unless convinced that not otherwise could we preserve our lives. Our policy is not to divide Europe into two opposing blocs, each aiming against the other amid a growing flood of ill-will which can only divide war."
