AN INTERNATIONAL BOYCOTT OF AGGRESSOR NATIONS?

Novel Plan to Induce President Roosevelt to Name "Law-Breakers"

United Press Association—Copyright (Received April 19, 9 p.m.)

A rather unusual plan to make effective President Roosevelt's guarantee is announced in his famous speech at Chicago last October, is now in a resolution introduced by Representative Scott, says the Washington correspondent of the "New York Times."

Under the resolution the United States' present neutrality law would be replaced by an official boycott of the so-called aggressor nations.

The President would be required to inform the House what nations have in recent years violated treaties such as the Kellogg-Pick and the Nine-Power Treaty.

It is pointed out that President Roosevelt will reply naming Germany, Italy and Japan, and then Representative Scott will introduce a similar boycott and requesting the President to call a convention of the signatories to the treaties mentioned of which the establishment of an official international boycott will be advocated.

VULNERABILITY OF THE UNITED STATES

"Can Be Defeated Without Any Military Conquest"

United Press Association—Copyright (Received April 19, 9 p.m.)

The Senate Naval Affairs Committee, in reporting on the Naval Bill, says the United States that it is not a defensible and invulnerable island.

"An effective blockade against our foreign commerce can be established on mountained points thousands of miles from our coasts and well beyond coastal waters," it is said.

The report, however, stresses the necessity for a navy capable of controlling the sea areas.

SUMMER SICKNESS IN HAWKE'S BAY PROVINCE

Minister of Health Replies to Allegations of Inaction

By Telegraph—Press Association. WELLINGTON, April 19.

Replying to complaints about alleged inaction by the Health Department regarding summer sickness in Hawke's Bay, the Minister of Health (Hon. J. Fraser) states that the first advice received by the department was late at night on April 8, when Dr. Waterworth reported a case of dysentery in the Napier Hospital. Subsequently he notified several other cases.

Dr. Cook went to Napier the next day and investigated the water and milk supplies. The disease was not notified and the department would remain unaware of such disease if the medical profession did not co-operate.

Dr. Cook had circumscribed all Napier doctors on the subject, but the only cases notified to the department were those mentioned by Dr. Waterworth, who was the only practitioner who had communicated with the department on the matter.

There was no reason to associate the outbreak with the milk in schools as stated by Mr. Fraser.

NINE GOALS TO THREE

By Telegraph—Press Association. WELLINGTON, April 19.

The N.Z. polo team, representing the N.Z. Polo Club, were defeated by the Victorian Club by nine goals to three at the Victoria Jubilee Club on April 18.

The N.Z. polo team were not viciously concerned by the result of the match, but they were disappointed by the progress of events during the match.

S.T.C. TRIPLE WAVE Model 5035

greatest distance set ever built!

You see! All your friends have sets that can get London like a sock. All our friends have been told to buy one! But believe us, even the foggiest distance reception doesn't come anywhere near the truth of our sets. Our sets are the greatest distance receiver of all time!

Now you're set designed to give perfect reception in 112 metres!

S.T.C. No. 5035 starts fresh at 14 metres. It gets clear down to 12 metres on the ordinary band and will keep dragging them. There's a long list of other sets that you'll never see designed to get London like a sock. All our friends have been told to buy one! But believe us, even the foggiest distance reception doesn't come anywhere near the truth of our sets. Our sets are the greatest distance receiver of all time!

A demonstration proves it.

WAS MYSTERY FLEET JAPANESE WARSHIPS?

Vessels of That Nationality Reported in Locality of Mindanao

United Press Association—Copyright. (Received April 19, 12.30 a.m.) WASHINGTON, April 18. The Commander of the American Navy (Admiral Leahy) had the correspondence of the United States Navy fleet reported to be at Davon, in the Philippines, on April 15, was a flotilla of a fleet of four vessels.

Another Naval Department official said that an intelligence report from Manila provided that had been 12 or 13 war vessels off the island of Mindanao last week.

The report, which gave no positive identification of their nationality, admitted that the warships were in the general neighbourhood of that date.
