EXAMINATION IS TO BE ABOLISHED

Training College Entrance

THE HON. P. FRASER EXPLAINS REASONS

Students' Development Checked

By Telegraph-Press Association.
WELLINGTON, April 22.
His decision to abolish the Training College Entrance Examination was announced by the Minister of Education (The Hon. P. Fraser) today.

This examination, which normally involved a year's preparation, has hitherto been the main barrier to admission to teachers' training colleges of applicants other than University graduates.

"It has been found, however, that the examination is a very heavy burden on the student, and that it does not measure the student's ability to do the work of the profession, but only his ability to do the work of the examination."

"The object of this additional year is to allow students to experience, at an earlier stage, the conditions of teaching more closely than they do at present. It is to be a year in which the student is to be given more practical training, and to be given more practical training in the subject of his choice."

Film Musicals Need Variety

The film industry has seen a resurgence of interest in musicals in recent years. However, many of these films lack variety and originality. They are often predictable and formulaic, and they fail to capture the imagination of the audience. There is a need for more diverse and innovative musicals that offer a fresh perspective on the genre.

There is a need for more diverse and innovative musicals that offer a fresh perspective on the genre. The industry should focus on creating stories that are unique and compelling, and that feature strong characters and memorable music. Only then can musicals truly capture the hearts of the audience.

AN OUTSTANDING PHOTOGRAPH OF HISTORIC INTEREST TO HAWKE'S BAY -- NAPIER TAKEN JUST BEFORE THE DISASTROUS EARTHQUAKE OF 1931

THIS IS THE THIRD TIME I'VE BEEN BOILED UP THIS MORNING!

YES! WE'VE HAD NO PEACE SINCE THEY STARTED DRINKING LIPTON'S!

So different from other teas is Lipton's! The finest so distinctive, rich and so fragrant and refreshing! Lipton's is all pure Ceylon tea, grown on Lipton's own plantations... carefully matured... blended by experts. It is always deliciously fresh because it is packed in special airtight containers and opened on its way to New Zealand. Lipton's in your teapot is as fragrant and full flavoured as the day it was picked!

ARRIVAL AT WATERLOO BY THE QUEEN'S MAIL TRAINS... (Small text at the bottom of the page)

"HAPPIEST, CLEANEST AND MOST HONEST NATIVES"

Hastings Man's Impressions of Ratorangans: Island and Its Life

Vivid impressions of Ratorangans and its people have been formed by a Hastings business man... Hastings man's impressions of Ratorangans: Island and its life.

Like other visitors to the islands, he found the natives of splendid physique. They lived mostly on tropical nut-like diet—fruits and vegetables. They had plenty of two continents—tuberculosis and heart disease.

Mr. Jones told his story to the "Daily Mail" yesterday. He said he could not understand how the natives could live so long and so well. He said that the natives were the happiest, cleanest and most honest natives he had ever seen.

While the natives live in the 30 or 40 small huts, they are not so poor as they are often represented to be. In fact, they are very well off.

Mr. Jones said that the natives were very friendly and that they were very clean. He said that they were very happy and that they were very honest.

Review of 1937-38 Season
STANDARD OF COMPETITION WAS ON HIGHER LEVEL.
Women Were Well to the Fore

The 1937-38 season can be looked back on as one of the most successful the local Athletic Club has had for many years.

The season was, however, a very wet one in spite of some fine days. It was probably a little better than last year's, but it was not a success for the club as a whole.

It is now the time to consider the purchase of a new gun, ammunition, etc.
