THE "DAILY MAIL" QUESTIONNAIRE
A Unique Opportunity for Radio Listeners

"Have you filled in the "Daily Mail" questionnaire yet? This question is being asked throughout the length and breadth of Hawke's Bay at the present time, and it appears that by the end of the month there will be few radio listeners in the province who have not taken advantage of this opportunity to express their individual likes and dislikes.
By not covering the answers of replies which have been flowing into the Hastings and Napier offices of the "Daily Mail" since early on Wednesday morning has attracted the proportions of a deluge. Many of the completed forms were accompanied by brief expressions of appreciation of the "Daily Mail" article in providing the means for every listener to indicate his endorsement or otherwise of the present radio services.

Altercation Involving His Wife And A Friend: Counsel's Plea Of Provocation

By Telegraph-Press Association. AUCKLAND, Dec. 1. KARUMI SIRE HAS MADE A GREAT START
Hall-Sister to First Winner In...

(By MORTON)

With some of the best blood in the Dominion located in Hawke's Bay it is little wonder that this province, year after year, is responsible for producing a very high percentage of the lots at the National Yearling Sales, especially as a few studs are established and have been founded on some of the greatest families ever imported to New Zealand.

Hawke's Bay breeders have not sat back on their laurels, but have continued to improve their stock, and, everlastingly, by the judicious introduction of new lines and outcrossing to their existing families. They have done this so well that the Bulandshar stock entered for the National Yearling Sales has been very the cynosure of all eyes. The stock of the Blundell family have been the best of the spring calving, but they improve an likely to go on improving. They have already given evidence of hardiness and seem to be coming to race.

Some of the stock of Bulandshar are listed in the catalogue for next month's fixture at Trentham and the four color groups show should give a ready-made selection for a good winning family and it is interesting to note that these matings for the Karumis sire have been made with families that have already made a name for themselves as good winners.

There should be some classic winners in the bunch.

AMALFI Stud strains for the most part are bred from the first lot in the breed from France. The first lot was bred from a bull named Amalfi, who was bred from the first lot in the breed from France. Hastings Horses For Otaki

USEFUL QUARTETTE
By Morton.

There was not a great deal of interest in Hastings horses at the Otaki sale. The only horse that was sold was a yearling colt named 'The Duke' by Mr. Marshall. The horse was bred from the first lot in the breed from France.
