NO RETREAT FROM FIGHT FOR ROAD SAFETY

Hon. R. Semples Answers Critics

NEEDLESS LOSS OF LIFE. MUST END

Helpful Suggestions Will Be Welcome

By Telegraph—Press Association. (REIMSCHUESSEL, Dec. 6.)

Resistant at any suggestion that he had retreated from his responsibility in dealing with safety on the roads and the persistence of drunken drivers was fervently expressed by the Minister of Transport, the Hon. R. Semples, in a statement tonight.

The Minister's proposal to stop drunken drivers for week-ends was endorsed by Mr. R. P. Farres (Manchester) in the quarterly meeting on Monday at Grosvenor of the South Island Motor Club. It was felt that a pilot by the Minister would have expressed intention of driving the drunken motorists off the roads. He added that the critics might be asked to hold out what would have to accept.

A ROBBER TEAM—Though perhaps the occasion was not unique, this picture of a 24-horse team is decidedly unusual. Taken in Otago in 1915, it shows the team, driven by Mr W. Dzusant, drawing a hydro-electric generator along a country road. Quite like the most honest thing and more sure as Director and motorway design offices.

"STOP, LOOK AND LISTEN"—Two persons were killed in this local crossing smash. Such are the results of wrong frames to encourage; if you're not here!

"... AND SODDY DRIVE"—One person was killed and three injured when this car cut a corner. A driver has nothing to gain and everything to lose by such takings.

TEACHING THE PUBLIC SAFETY ON THE ROADS
Pungent Slogans Exhibited In Napier Counsel Court At All Times

The idea of police on the highway with a view to forcing any road hound to sit at a time itself.

The Transport Department has realized the value of this method and has organized a campaign to ensure that the public will get the education necessary for good behavior on the roads.

The department maintains that the driver must know it is wrong to drive without a license and it is wrong to drive without a license and it is wrong to drive without a license.

There was an amusing exhibit from the picnic organizers of the scene created in the vehicle. The stream of cars and vans were packed so closely that it was almost impossible to see through the windows.

It will not be the fault of the Transport Department. It is the fault of the driver who is at fault. It is the fault of the driver who is at fault.

As with Posters. There were several notices displayed with posters. Some of the notices were for the purpose of advertising the services of various firms.
