Shop In HAWLOCK BAY CHRISTMAS EVE: Saturday

OPEN ALL DAY SATURDAY UNTIL 10 P.M.

Suited The Shoppers' Convenience

Suited the convenience of Hawlock North shoppers, retailers in the village have decided to observe Saturday, December 24, as their late shopping night. The shops will be open until 10 p.m.

It is believed that these arrangements will give shoppers the best opportunity to make their purchases, as the majority of people living in the district who are normally required to work on a late night, will be free.

Hawlock North will be one of the few centres in Northern Hawke's Bay which will observe Christmas Eve as a late night. It is anticipated, therefore, that the village will experience a very busy evening.

The retailers have made this move with the object of encouraging Hawlock North residents to shop in their own town. The shops in the village are modern, well equipped, and are capable of providing service equal to the best.

To ensure that this high standard of service is maintained, the retailers have formed themselves into the Hawlock North Business Men's Association, which aims at uniting the retailers so that they may serve their public in the best possible way.

The association wishes the retailers to work in a combination to improve the shopping facilities of the village. Through its influence members are able to assist one another and to attend to matters which affect them individually.

There is a large shopping plaza in the district which lately allowed the call to support its own retailers. During recent years the presence of Hawlock North in the district has been rapid, so that today it enjoys the reputation of containing some of the finest houses in the Dominion.

The progress of the village is also largely due to the establishment of three of New Zealand's best private colleges, Woodford House, and Haverorth School. These have done much to increase the spending power of Hawlock North.

One of the most pleasing surprises in the building work of the year is the new swimming pool at the Hawlock North Tennis Club. This new pool will add greatly to the facilities of the club.

It is anticipated that the new pool will be opened in the near future. The pool will be a most valuable asset to the club and will provide a most desirable facility for the members.

Many Attractions to be Seen

It is apparent that these will be many visitors to Hawlock North during the holiday period. There is much to see and do in the village.

The village is carrying out a plan that will still further add to the attractiveness of the village.

Hawlock North appeals with its picturesque. Built on a beautiful site, the foot of the hills, it is provided with the natural surroundings necessary for successful town development.

Public-spirited men and women working for the progress of the town have seen that full advantage was taken of these surroundings, and more important still, they have seen that no shoring rule was allowed to spoil its beauty.
