SEEKING A NEW ERA OF PEACE AND JUSTICE

Recent World Youth Congress In New York

"I do not know of any other organization in the world that could bring together more than 700 young men and women of 30 nations all working one objective."

In his opening address to the 30 nations all working one objective - said Miss Nina Kilduff, Secretary General of the Congress held at the Waldorf Astoria Hotel, New York, in August of this year.

Through the courtesy of Miss Kilduff I have been able to read the full official report of the congress as given in Dublin and as an exhibitor of the same.

"Starry-Eyed Idealism" According to the foreword to the report of the congress, the "starry-eyed idealism" of the young people represented at the congress was one of its chief characteristics.

Peace Pact Signed. The "Nations of the World" was the slogan by the representatives of the nations represented at the congress.

ARE YOU SICK? If you are, you should know that there is a cure for you. Write for a free booklet.
