Totalisator Increase Of £297/10/-

(By MOTORIST)

Eventful contended finishes were the order of the day at Waiipukurau, and the main feature of the Waiipukurau Races' one-day session meeting was far from uninteresting. The programme consisted of a number of races of a length, and most best finishes were provided in practically every one.

Centrepoise impressed as a solid three-quarter mile winner, and the more seasoned Okaiwi did the verdict in the Wellington Hack Cup, while Felicitation proved herself a game flyer by fighting out a stinging finish with Sir Nigel in the Open Flyer.

Sir Nigel, incidentally, had the amateur riders' event in two days previously, and his hold among enabled the popular Hastings exercise-trainer, Jack Cameron, to do with Tom Giffen for the trophy given for the most successful trainer. The trophy was tossed for and won by Sir Nigel's owner.

AUCKLAND CUP WAS A FALSELY RUN RACE

Cheval de Volec Made Own Rules

FAVoured DIVISION FLY SIGNALLY

Railway A Walk-over For Disdain

(Daily Mail) Special Service.

Months of preparation and anticipation were demolished in three and a half minutes at Ellerslie today, when the Auckland Cup, the most important race in the country, was run on a showing that can only be described as wretched.

The contest was powerfully reminiscent of the Auckland Cup of 1937, when the New Zealand Cup of Stewin's year, for, as in Stewin's case, the Cheval de Volec went to the front and, allowing down the field for a mile and a quarter, was enabled to retain his place when passed behind. The fact that the mile took 1:04.5 and the mile and a quarter 2:14.55, was conclusive proof of the lack of judgment of juries on the part of the riders generally.

Charles de Volec, who had posted a most double-figure time of 1:04.5 and who was widely expected to win the Auckland Cup, was not called in to race. He was not called in to race. He was not called in to race.
