AS PURE IN TONE AS THE MASTER'S VIOLIN

PRACTICALLY every hair has on this illuminated coloured dial baritone a station. And thanks to High Key selective tuning, each note may be heard individually and clearly. With its high frequency tone control, its six valve dual wave power, its dynamic speaker, automatic tone compensation, two-point high frequency tone control and a gramophone construction, the result of this cost works a rare value on its radio and incidentally another triumph for H.M.V.

A demonstration in your own home will be given gladly. WARRIDA: CLARE & JONES, LTD. NAPIER: E. WILSON, DALTON STREET. WAIKANA: C. BOWLEY & COY. DANNEVIKHE: L. O. GREGORY.
