MR CHAMBERLAIN'S MISSION

One must greatly admire the courage which has led the British Premier (Mr Neville Chamberlain) to his unprecedented step of proposing a plain declaration in order to intercede on behalf of the world.

It is doubtful if Mr Chamberlain's mission will achieve more than a temporary respite. He is proposing a declaration of resistance to any move of aggression—a declaration which will be accompanied by the removal of all economic trade difficulties—but nevertheless a declaration which would not be a declaration of war.

It is doubtful if Mr Chamberlain has preferred to risk his name and the "mantle" of Britain in this way for no reason or purpose—but because it will bring the "mantle" of Hitler, and give him the opportunity to withdraw from the difficult situation into which his tongue has led him—his own.

HAWKES BAY CAMERA EXPERTS ARE EQUAL TO SYDNEY'S BEST, SAYS BISHOP BENNETT
The opinion that Hawke's Bay was ahead of Sydney as an amateur film town was expressed yesterday by the Bishop of Auckland (the Rt. Rev. F. Bennett), president of the Hawke's Bay Camera Club.

In welcoming members of the club to the club house, the Bishop said that he was glad to see that the club was so successful in its work. He said that he was glad to see that the club was so successful in its work.
