YES! A HOLIDAY FOR MOTHER A DUTY FOR THE FAMILY

Of course, it is well to have a good holiday for the family, but if there isn't any time to give all of a change of scene, who should be considered first? "Mother, of course," should be the choice. . . .

At the year round, in the great majority of homes, the mothers have a self-sufficing life. How they enjoy a real holiday, if the opportunity is granted!

The Railway, with fares on the lowest possible scale, has facilities to give mothers a holiday.

Train 50 interest on motor for a railway trip.

There is ample room to get in and out without disturbing front seat passengers . . . a pleasant and unlooked for feature in any light car

No appliances are necessary when rear seat passengers enter or leave the Ford "Eight". Rear seat passengers can also use both left and right hand doors with equal convenience.

There is also more head-room, more leg-room, more comfort. Driving is sheer pleasure. No other car is so close alike with such big arm-rests—over either the straight runs, the foot traffic or on the open road you'll never in its easy control. Another feature you'll appreciate is the way the Ford "Eight" retains its glossy appearance. Synthetic Black Enamel Finish is the reason—an exclusive Ford process which gives lasting proof against rust.

See your nearest Ford Dealer. You'll gladly accept a demonstration drive.

Another Convenience Feature THE ENCLOSED LEGGAGE COMPARTMENT The Ford "Eight" is the only 8-seater motor car with an enclosed Leggage Compartment. It's open the garage proportion of the car and is your convenience. The inside compartment is easily accessible and convenient.

I thought my bedclothes were white, Nurse, until I saw your Persil-washed uniform . . . after all my washing experience, too!

You may be satisfied now — but until you use PERSIL your washing can't be really white

Long, though your washing experience may have been, it takes a Persil wash to show you what real whiteness means. Persil is quite different from anything else you may have used. The wonderful oxygen-charged soap suds cleanse the clothes, crease, getting out stains and grimy cleaners. Just because Persil makes things so much whiter, it makes them whiter, too. Use Persil alone for the whole family wash — on other soaps or extras needed.
