## GERMANY WILL NOT PERMIT DELAY

### "NO TIME FOR FURTHER DISCUSSION"

#### High Official's Threat

#### INDEPENDENT FORCIBLE ACTION

#### Preparations Have Been Completed

London, Sept. 21.  
 The "Daily Mail's" Goldsberg correspondent says that High German officials declare that no time can be allowed for further discussion or reflection on the Anglo-French plan.  
 They state that Hitler will not wait more than a week before resorting to independent forcible action against Prague.  
 Preparations have been completed and the letter of the assault makes further delay impossible.  
 It is unofficially stated in Prague that the German armies are ready to march this evening.  
 The Paris Press gives prominence to reports stating that marching orders from the Reich indicate the commencement of operations by German troops.  
 There are now 25 divisions ready to penetrate if no peaceful settlement is reached.  
 The "Lett" Journal says: "We believe that Hitler at the moment will be the spokesman not only of the Sudetes, but also of other Czech minorities."  
 It is reported that a united British-Belgian-Warrent front has been formed.

#### Retreat Of Great Britain And France

NEW YORK, Sept. 20.  
 A survey of Press comment from all parts of the United States indicates a great strengthening of isolationist sentiment.  
 It is generally felt that the Anglo-French plan is merely an expedient to prevent an armistice, War, and that the French and British are being swayed for a greater conflict.  
 The opinion is also expressed that France and Great Britain should arm mightily to make the country self-sufficient, and that it should remain neutral.

United Press Association—Copenhagen, (Received September 22, 6 p.m.)  
 COPENHAGEN, Sept. 21.—The Nobel Peace Prize for 1938 is expected to be awarded to the British statesman, Neville Chamberlain, for his role in the Munich agreement.  
 However, some observers believe that the prize should go to the Czechoslovak government for its stand against Hitler's demands.
