LABOUR provides for their SUNSET YEARS! Not only in old age but throughout the course of life of today have every reason for gratitude to Labour. The Social Security Act has direct bearing upon the health and well being of all. Just consider briefly a few of the benefits which this humanitarian measure, the best in the world, provides:

OLD AGE The Qualifying age has been reduced from 65 years to 60 years and the amount to be paid increased from 22½ to 30½ weekly. Under the previous Government it was 17½ weekly. Other incomes allowed up to £1 weekly and they may own their own home and £500 each in the Bank without the Age benefit being affected.

SUPERANNUATION Owing to the cost it was not possible to give full superannuation benefits without means test, but commencing in April, 1940, every person over 65 years will be entitled as a right to the sum of £10 in the first year, increasing by £2-10-0 yearly thereafter until £78 a year; being received by

SICKNESS The provisions of the Act as to sickness are new and are intended for the relief of persons who suffer a loss of wages or other earnings through temporary incapacity resulting from sickness or accident. Young people 16 to 20 years of age receive 10½ weekly and 20 years or over, Single men or women 20½ weekly. Married Couples 35½ and 10½ weekly for each child.

HEALTH SERVICE Every person, male or female, old or young will be entitled to free Medical attention, medicines, drugs, appliances, etc. Also to free treatment in Public Hospitals and Mental Institutions, or a similar amount will be paid on their behalf to a Private Hospital.

UNEMPLOYMENT The benefits during unemployment are the same as the sickness benefits: Young people 10½ weekly, over 20 years—Single men or women 20½ weekly, Married Couples 35½ weekly and 10½ for each child. For the first time women benefit equally with men, and boys and girls 16 to 20 years old are provided for.

MATERNITY Every mother will be entitled to free ante-natal and post-natal medical advice and treatment including services of Doctor and Nurses at confinement in Maternity Hospital or elsewhere, or a similar amount will be paid to a Private Hospital.

WIDOWS More liberal provision is made for widows than ever before and many new benefits are introduced. Widows receive 25½ weekly and 10½ for each child under 16 years (previously 17 years) and they will receive pensions after the children are of working age and may receive it in certain circumstances after 50 years of age even if there are no children under 16 years. Deserted wives whose husbands cannot be found are treated as widows and wives whose husbands are in a Mental Hospital are similarly provided for.

MOTHERHOOD The Family Allowances are greatly extended. The age of children for whom payment will be received is extended from 15 to 16 years. The rate of benefit is increased from 2/- to 4/- for each child in excess of two. The permissible income of the family is increased from £4 to £5 weekly.

ORPHANS Will receive up to 15½ weekly and will be allowed to live with relatives or friends.

MINERS Pensions are raised from 25/- to 30½ weekly, funeral expenses will be paid at death and a pension of 17½ weekly granted to the widow.

Economic penons in War Veterans' allowances has also been increased in the Finance Act, 1938.

The National Party say they will not put the Act into operation if they are returned to office. The Labour Party is prepared to stand or fall by the Social Security Scheme which is admittedly the best in the world.

GRATITUDE THAT WAR IS AVERTED

A THANKSGIVING SERVICE

VITAL POINTS

Sermon Preached At Hastings

It is fitting that a service of thanksgiving should follow the ending of that war which brought being of unexampled relief to a million men and women. The Lord turned against the might of those who were his enemies with lightning and our tongue with courage. The circumstances were different, but the sentiment is the same. It is fitting that a service of thanksgiving should follow the ending of that war which brought being of unexampled relief to a million men and women. The Lord turned against the might of those who were his enemies with lightning and our tongue with courage. The circumstances were different, but the sentiment is the same.

ATTENDED MURDER CHARGE AT NAPIER

Woman Seriously Injured At Westshore By Bullet From Rifle

Arising out of the serious injury of a woman by a bullet wound at Westshore, Napier, late on Sunday night, a young woman named, Colin Herbert Horwood, grocer's assistant, aged 25, appeared before Mr. J. A. G. Webb on Monday at the Magistrate's Court, Napier, yesterday afternoon, and was charged with assaulting the member Isabel Adams, aged 35, of the Westshore Ferguson Avenue, Westshore.

Detective-Sergeant Nuttall, a reward was granted until Monday, October 10, for the apprehension of the offender. Mr. Adams is at present in the Napier Hospital with two serious wounds to the chest, liver and the stomach, and two small breast wounds. She was admitted to the hospital by Dr. G. G. G. on Sunday and an operation was performed at two o'clock yesterday morning.

The prosecution is well served. It is understood that the operation failed to reveal the bullet which was the cause of the wound.

578,666 New Zealanders Can't be wrong!

When the vast majority of grown-up New Zealanders are of one mind on a subject, such a degree of unanimity indicates a deep-rooted conviction. At the last Election 578,666 electors gave an overwhelming verdict against prohibition, for the following reasons:

- 1. New Zealand was voted against prohibition which has so thoroughly demonstrated its calamitous results. It can no longer be regarded as a serious issue.
2. New Zealand cannot afford to squander millions to provide additional proof of an acknowledged universal fallure.
3. Under Continuation the licensed trade contributes very substantially to the revenue and creates legitimate employment for thousands.
4. Continuation is a vital necessity for the continued growth of our richly potential tourist industry.
5. America gave prohibition a thorough trial, lasting fourteen years and costing billions of dollars. Repal was carried by the biggest majority ever recorded on any question.
6. All the world has rejected prohibition. New Zealand has done so on every occasion, each time more emphatically than the last.
