A BRIDE *with a home*
she can really call her own

Few brides in the last three years have known the joy of living in their own homes. For you cannot get a house for love nor money and, if the Labour Government goes back to power, you never will.

So-called Labour doesn't *want* you to own a home of your own. And their costly housing scheme has proved a fiasco. The actual cost of houses is *twice* the promised cost. The actual rents are *60%* higher than promised. The actual number built is only *one-fifth* of that promised.

Nothing is so important or urgent as to provide adequate housing for all our people — not just for those who can afford the new Government houses but also for the wage-earning worker who *can't* afford them.

The National Party aims at building at least 5,000 new homes every year — for full and easy finance will be available.

Homes for farmers are provided for under the National Policy and present Government tenants will be given the right to acquire the ownership of the houses they occupy.

And young couples can furnish too, on a loan of £100 which is automatically cancelled by the growth of your family.

The National Government stands for private ownership — in Homes as in everything else.

GOOD TRACK IS PROVIDED AT HASTINGS. The Wind-up Gallops. The Hawk's Bay Club's Spring Meeting.

Master Cyklon's Fine Effort

(By MOTOROLA) The Hawk's Bay Jockey Club's spring meeting was held on the public notice with the semi-final trials at Hastings yesterday.

As the track improved, impressive half-mile went down the credit of Pakisoni, who was a first in front of Siktery, while the people had noticed the maiden event this week were left all in the dark after the gallop between Hagson and Stone Chase.
