LONDON, Oct. 5.

The first concrete indication of the early implementation of Hitler's visionary policy on the Danube business evident by Heri Huter's visit to Yugoslavia and Turkey.

The Berlin correspondent of the "Times" says that Heri Huter declares that a socialist German and Yugoslav company has been formed and is erecting a new trade route.

Germany was able to negotiate for a larger term and to offer better prices than Austria, and Germany could absorb one-eighth of Yugoslavia's production.

Heri Huter asked that Germany desired a settlement of economic relations in this district.

The Frank correspondent of the London "Daily Telegraph" says that it is understood that Heri Huter's mission in Southern Europe is the creation of a new trade route from India to the Near East, Turkey, the Black Sea, the Danube, Mesopotamia and Hsinan, by which also will remain dominant of the Balkans and increase her economic influence in the Near East.

HERI HUTER arrived at 1 p.m. Acknowledging the cheers from the balcony of the theatre, where he was accompanied by Heri Huter, the Fuhrer embraced the necessity, during political differences, of establishing a national conference. The announced special measures for Sudetenland and the immediate adoption of a reconstruction programme.

Heri Huter paid a tribute to the Sudeten. "I never believe when I should come to this land, but I know that one day I should come," he said.

A Berlin message says that Heri Huter has been appointed to assist Heri Huter in dealing with the administrative questions in Sudetenland.

A report from Berlin states that the Swiss Federal Government has decided to check any further movement of German Jewish refugees, by imposing a visa from Swiss consulates.

GLENWOOD MISSION INN AT RIVERSIDE, CALIFORNIA, IS UNIQUE

Its Many Attractions Described By Mrs T. H. Lowry

The unique wonders and numerous attractions of the Glenwood Mission Inn at Riverside, California, were wonderfully displayed yesterday afternoon by Mrs T. H. Lowry, the president of the Hastings Women's Community Club, in the course of an interestingly instructive and entertaining address which she gave at the special welcome dinner afterwards which the club members arranged for her.

Mrs Lowry said that she would first visit to the Mission Inn in 1921 and that she and Mr Lowry stayed there for some time before they returned to England where they now reside. She suggested that all who could possibly visit the inn should do so, as it was well worth a visit, and thought it was magnificent and wonderful, it was a lovely place.

Mrs Lowry explained that the Glenwood Mission Inn was built by the Frenchman in Riverside, California, and she said that she had seen the place many times. She mentioned that she had seen the place many times and that she had seen the place many times.

George Lansbury, one of Britain's active peace workers and a former leader of the Labour Party, recently visited New Zealand in a mission to persuade those who are interested in peace to make a more earnest contribution to the cause of peace than that which would be made by a vote-fodder for the more materialist qualities that give the Government of the day its support. He is now approaching a man conference to harbour in his capacity of a peace worker. He is now approaching a man conference to harbour in his capacity of a peace worker.

## THE OBJECTIVE of the SOCIALIST LABOUR PARTY

### The Socialisation of the means of Production, Distribution & Exchange

EVERY SOCIALIST CANDIDATE has signed this pledge, believes  
in its objective and . . .

IS WORKING TO PUT IT INTO PRACTISE

#### Candidate's Pledge . . .

"I . . . being nominated as a fit and proper person to contest a Parliamentary seat on behalf of the New Zealand Labour Party hereby pledge myself

- (a) That I am not a member of any political party other than the New Zealand Labour Party.
- (b) That I accept the constitution and platform of the party.
- (c) That I will faithfully uphold and wholeheartedly work for the objective and platform of the party and no other, in accordance with the decisions which may, from time to time, be made pursuant to this constitution."

—Page 17 of the "Constitution and Rules of the New Zealand Labour Party"

**When you have Socialised the means of Production, Distribution, and Exchange  
THERE IS NOTHING LEFT**

#### WORKERS

The slowest, laziest, clumsiest worker will earn as much as the skilful ambitious worker.

#### FARMERS

You cannot own your farm. You will grow what the State orders you to grow, and receive the basic wage.

#### MARRIED PEOPLE

You cannot own a home, you must rent one from the State.

#### BUSINESS MEN

The State will take your business. You can only be a wage earner.

#### PROFESSIONS

Why learn a profession—you can only draw a basic wage.

#### YOUTH

There is no future for you except to be one of the army of State employees on a basic wage.

**IT'S NO USE the Socialist Labour Party attempting to deny these truths, they want a  
Socialist Dictatorship.**
