DEFENCES OF GREAT BRITAIN

'Remorseless and Urgent Survey'

STATEMENT BY SIR JOHN SIMON

A German View of Rearmament

London Press Association—Copyright. (Received October 14, 10 p.m.)

LONDON, Oct. 14. Sir John Simon, during a speech on defence at Sheffield, said that the Government will immediately enter "a vigorous, remorseless, and urgent survey" of the whole position.

Sir John added that no policy, however conciliatory, can achieve its purpose unless backed up by a determined will. In the meantime, the German conception of British rearmament to counteract the understanding reached by Mr. Chamberlain and Herr Hitler is described in official quarters as without foundation, yet "Bismarck" says that the truth is that Britain is rearming in order to be able to oppose the dictators with force.

SIXTY YEARS' PROGRESS ON THE SHOWGROUNDS

A Brief History Of Hawke's Bay's Entertaining Fixtures

Even before the arena on which Hastings now stands had been suggested from the Maori, a show had been held in Hawke's Bay. The date of this show was 1860, and a total of 72 entries was brought forward for exhibition. These consisted mostly horses and cattle. The first show to be held in Hastings was accommodated between the present-day course and the racecourse. It was held here from the time of the first show in Hawke's Bay, the present showgrounds at Teitoku were opened and became known as the Hawke's Bay Agricultural and Pastoral Society's showground.

The grounds have also become recognised as among the best in the Southern Hemisphere. Ever since the society's inception it has flourished steadily, but since the beginning of the present century it has progressed out of its infancy. Some idea of the progress in the assets of the society may be gained from the following figures:—

In 1900 the total assets of the society were £1250. Today the society's past and present presidents and committees. Through the activity of the late Mr. Williams and the late Mr. Adams, the society has made a large number of members in the history of the society. There has been a steady increase in the number of members in the history of the society. The society has made a large number of members in the history of the society. The society has made a large number of members in the history of the society.

area of the block to 100 acres. The residence is used for growing orchards and vines, and the grounds are perfect for recreation and the use of members of the Society.

Extracts from the message read there, are three which are necessary to make a show

MR. COLIN K. WEBB—President of the Hawke's Bay Agricultural and Pastoral Society. The society has made a large number of members in the history of the society. The society has made a large number of members in the history of the society.

any industry to support it. Hawke's Bay has with its wide area of natural agricultural and pastoral resources.

The grounds at this time of the year are in the best of order. The show is one of the best in the South Island.

"Te Puna" Shorthorns

The Key to Opportunity. LSFCl For Chillers

"Te Puna" is the Home of Notable Imported Shorthorn Sires

DEFIANCE OF TE PUNA, by Vindictive of Stonehills (Imp.)

"Te Puna" Shorthorns are the true Scottish type and are ideally suited for the breeding of beef cattle most suitable for the chilling trade. They are particularly quiet, an advantage which will be readily appreciated by anyone who has experience of handling cattle other than the shorthorns or at the works.

Shorthorns are by far the most popular breed in the Argentine. New Zealand's chief competitor in the chilled beef trade. In that country it is a matter of obtaining the best blood, regardless of cost.

Such has been the demand from the Argentine for the best of the Old Country Shorthorns at the present time that the value of those obtained for the most popular of other beef breeds.

Considerable public anxiety has been expressed regarding the safety of the handling of balot papers. The fact that the papers were not to be opened until the morning, safety or danger depends entirely on whether the balot papers are in the hands of the police or the public. They have in their own hands to be absolutely certain.

THE MANAGEMENT OF AGRICULTURAL PASTURES

Instructor's Interesting Talk To Waitara Young Farmers

"Daily Mail" Special Service.

WAIMOA. The various aspects of raising young and top-dressing were explained by Mr E. F. Hill, instructor in agriculture at Hastings, in a comprehensive address to the assembly meeting of the Waitara branch of the Young Farmers Club on St. Andrew's Hall, Waitara, on Wednesday night.

Mr H. M. de Latorre presided over an attendance of 40 members.

Mr Hill dealt with the many different methods of raising young and top-dressing, and also explained the various aspects of the management of pastures. He stressed the importance of the soil and the need for a good drainage system. He also discussed the various methods of raising young and top-dressing, and the importance of the soil and the need for a good drainage system.

FOREIGNERS TO LEAVE RUSSIA. MANY OLD PEOPLE AFFECTED. LATEST ORDER. Story of An English Governor.

A few hundred men and women 50 years of age and more, who have been in Russia for many years, are to be ordered to leave the country on the Soviet police to be deported.

With the exception of the small number of foreign diplomats and consular officials, the Soviet Government has decided to deport all foreigners who have been in the country for more than 10 years.

The group of old people includes many who were born in Britain, and some of them have spent most of their lives in Russia. They are to be deported to their native countries.

Recently, when they were ordered to leave the country, some of them refused to do so. They are now being held in a camp until they can be deported.

One group of 36 British subjects, including a woman, has been ordered to leave the country. They are to be deported to their native countries.

The story of Governor. The remarkable story of an English governor in Russia, who was ordered to leave the country, is being told in a new book.

The governor, who was ordered to leave the country, was a man of great ability and courage. He was a member of the British Foreign Office.

SELL YOUR FAT SHEEP AND LAMBS TO THE "ALL BRITISH" ORGANISATION WHICH IS THE LARGEST BUYER AND DISTRIBUTOR IN THE UNITED KINGDOM OF NEW ZEALAND PRIMARY PRODUCTS

CO-OPERATIVE WHOLESALE SOCIETY LTD.

MANCHESTER, ENGLAND

From Producer to Consumer

We are Buying for the Co-operative Movement in Great Britain only

We ask the PRODUCERS of New Zealand to support the CO-OPERATIVE WHOLESALE SOCIETY LTD., who in a statement made by the Secretary of the late Empire Marketing Board, have done more for New Zealand than any other firm in Great Britain. During the past year we have purchased over 5½ million pounds of this country's Primary Products—a striking increase in our New Zealand business is that in 1932 we purchased 47,723 boxes of New Zealand Butter, and in 1937 our purchases amounted to 100,000 boxes—an increase of over 100 per cent. These figures prove the efforts made by the C.W.S. to sell your produce.

THE CO-OPERATIVE WHOLESALE SOCIETY LTD. are an "ALL BRITISH" Organisation, and have Associated Members totalling over seven million, and have a combined trading turnover of four hundred million pounds sterling per annum.

To-day the C.W.S. is probably the largest buyer of Empire Products in the United Kingdom.

We are prepared to handle consignments for sale direct to the Co-operative Consumers of the United Kingdom, who offer an assured outlet at full market prices.

Our Local Representatives will be pleased to give you any information required.
