CHEVROLET, for nine out of the twelve years since 1926—and including the last three years—has sold more cars than any other make in the world. In America—where absence of high freight duty and landing charges makes motor cars naturally lower in price, and where the public can therefore afford to be even more discriminating. But such popularity does not arrive by chance. It is the reward of tenor. Chevrolet consistently outdits its contemporaries because Chevrolet offers you more for your money.

**FIRE-FIGHTERS WILL DEMONSTRATE AT WAIROA**

Six Brigades To Be Engaged In A Comprehensive Display

"Daily Mail" Special Service.

WAIROA.

Preparations have been completed for the Hawke's Bay Fire Brigades' 1938 annual demonstration, which will provide the principal attraction at Wairoa today.

Altogether, six brigades, the Hastings, Hawke's Bay, Napier, Tairāhema, Spiti, and Waikato Fire Brigades, will be represented.

The event will be held at Lambton Square, commencing at 1.30 p.m. and concluding at about 5 p.m. Preparations at the grounds have been completed, and with fine weather the demonstration should be a great success.

The visiting brigades are expected to arrive in Wairoa in the early morning.

Of the daily comprehensive programme drawn up, the five-man motor engine will, it is expected, provide the feature. The events will also include a one-man day, two-man set, and three-man set.

The visiting brigades will be the guests of the Wairoa Brigade at a dance which will be organized in Omer's Hall in the evening.
