SUFFERERS IN FLOOD MAY RECEIVE FINANCIAL HELP

Minister Promises That Survey Will Be Carried Out In Hawk's Bay District

From Our Own Parliamentary Correspondent.
PARLIAMENTARY COMMUNIQUE. March 2.
An urgent question was asked the Minister of Finance the Hon. W. Nash by Mr. A. G. Holquist (Govt.) Bay of Plenty in the House of Representatives to-day, whether, in view of the terrific damage to private property, farm lands, and the mortality of stock on the East Coast, such as well as south of Galaxora, due to the abnormally rainfall during the recent unprecedented rains, the Minister would arrange for urgent financial assistance to be given to private property-owners to assist them in the raising of pasture and in the rebuilding of buildings and stock.

Further, Mr. Holquist asked that special assistance be given local bodies which were now required to face heavy expenditure in replacing and repairing buildings and roads.

The Minister of Finance, in his reply, said, "The Government was arranging for reports on the position of agriculture, and it must have been possible to arrange their own finances for rehabilitating the affected areas, and the Government would give sympathetic consideration to providing finance on easy terms.

In cases where much additional labour was involved, assistance might be made available from the Employment Promotion Fund.

In so far as local bodies were concerned, the repairing of roads and bridges could be done by these bodies with the district engineers of the Public Works Department, and on receipt of reports from the engineers the Government would consider what assistance was necessary.

BARRAGE OF QUESTIONS ON LABOUR LEADERS' SPEECHES

What Was Unemployment Total Before The Government Assumed Office?

From Our Own Parliamentary Correspondent.
PARLIAMENTARY BROADCAST. March 2.
The Minister of Labour (the Hon. Mr. J. A. Arden) was called on to face a battery of questions from Opposition members, particularly about unemployment in the official statistics of recent figures. Two of the questions came from the Opposition side, with a third to counter those from the Parliamentary Conservative Party. Mr. G. E. Hay was asked whether the 1937 figure was based on the number of persons in the Workhouse in February of this year, and whether the 1936 figure was based on the number of persons in the Workhouse in February of 1935. Mr. H. Halliday also asked whether the 1937 figure was based on the number of persons in the Workhouse in February of 1935, and whether the 1936 figure was based on the number of persons in the Workhouse in February of 1935. Mr. H. Halliday also asked whether the 1937 figure was based on the number of persons in the Workhouse in February of 1935, and whether the 1936 figure was based on the number of persons in the Workhouse in February of 1935.

HEAD OF NAZI AIR FORCE MAKES "THREAT OF ACTION"

Help For Germans Outside Reich

GREAT BRITAIN AND FRANCE BOTH CONCERNED

Czechoslovakia Has Forebodings

United Press Association—Gosport.
(Received 3:20 p.m.)
LONDON, March 1.
Inquiries will probably be made in Berlin regarding the threat by the Air Marshal (Feld-Marschal Goering) of Germany Air Force action, in pursuance of Herr Hitler's declaration that the 30,000,000 Germans outside the frontier of the Reich could not be allowed to be cut off, says the "Daily Herald."
The "Daily Herald" adds that no decision has yet been taken, as the full text of the Air Minister's speech is not available, but the British Ambassador in Berlin (Sir Neville Henderson) will probably be instructed to draw the "friendly attention" of the German Government to the disturbing significance and aim for some reassuring explanation of Feld-Marschal Goering's meaning. Czechoslovakia and France will possibly take similar action.
The new German Air Force will be the terror of our enemies if it ever called on to fight, declared Feld-Marschal Goering, when speaking at a National Air Day gathering.
He added: "The Air Force is not merely an instrument of power, but in the foremost instrument of power. When Herr Hitler declared that Germany would tolerate no settlement of Germany living outside the German frontier, the Air Force knows that it had to do its duty to the Reich."
Marschal Goering revealed that Herr Hitler considered the creation of the Air Force more important than all other affairs.

Early Discussion is Requested

United Press Association—Gosport.
(Received March 2, 10 p.m.)
LONDON, March 2.
The Leader of the Federal Opposition, Mr. J. C. Curzon, is demanding that the Federal Government should be advised as soon as possible to discuss the change in British foreign policy, the change that the people of the Dominion should be told what the change amounts to.
The Prime Minister, Mr. J. A. Arden, in a reply to Mr. Curzon at Canberra, declared that there had been no change in British foreign policy, but only a change in method.
The differences between Mr. Chamberlain and Mr. Arden were not mentioned in the statement.
The statement said that the new policy was based on the assurance of a firm and sincere cooperation with Australia, New Zealand, and the Empire as a whole.

By Telegram-Press Association.
VATICAN CITY, March 2.—

Relations between the Church and the world are not those of the Vatican Council, which took place in Rome in 1869, and the Council of Trent, which took place in the sixteenth century. In fact, the Vatican Council is not a council of bishops, but a council of cardinals, and the cardinals are not elected by the Pope, but are appointed by him.

The Pope is not a monarch, but a pastor. He is not a ruler, but a shepherd. He is not a dictator, but a guide. He is not a despot, but a father. He is not a tyrant, but a liberator. He is not a conqueror, but a peacemaker. He is not a warrior, but a diplomat. He is not a politician, but a statesman. He is not a soldier, but a scholar. He is not a warrior, but a philosopher. London therefore, and consequently all the actors, producers and playwrights, are all present thriving on a revival of the popularity of the stage—perhaps more so than any other theatrical centre in any other part of the world.

Yesterday's Stortford Lodge Sale: Fat Cattle Stabilised
