## POSSIBILITY OF QUOTA ON IMPORTS FROM DOMINION?

### Step Would Result in Less Trade With Britain, Says Mr. Jordan

United Press Association—Copyright. (Received 7 p.m.).  
 The New Zealand High Commissioner (Mr W. A. Jordan), speaking at the Industries Fair here at Birmingham, New Zealand, said that he was opposed to any plan to place a quota on imports from New Zealand. He stated that he was opposed to any plan to place a quota on imports from New Zealand. He stated that he was opposed to any plan to place a quota on imports from New Zealand.

## To Inspect Home Fleet

Plans to be King on June 21 and 22  
 British Official Wireless. (Received March 4, 9 p.m.).  
 It is officially announced that the King will inspect the Home Fleet on June 21 and 22.

## MECHANICAL MAN EXHIBIT

FUNCTIONS OF BODY SHOWN

HEALTH CAMPAIGN Model is Scientific Sensation

British Official Wireless. (Received March 4, 9 p.m.).  
 The "Vital Body" exhibit arranged by the Ministry of Health with the collaboration of the Board of Education, the British Empire Exhibition, and the Royal Society, will include a mechanical man, which will show the working of the human body in a scientific and interesting manner. The exhibit will be open to the public from March 10 to 15.

## FEBRUARY WOOL SALE

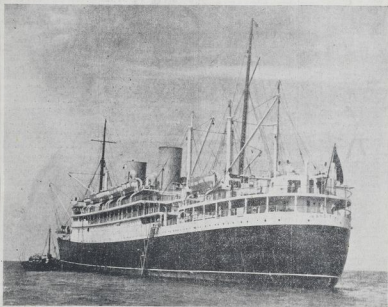

Wellington Returns GROSS PROCEEDS £302,462  
 Report of Wool Brokers  
 United Press Association—Copyright. (Received 7 p.m.).  
 The results of the February wool sale at Wellington, compared with the previous year, are as follows:—  
 Total value £338,000  
 Total value in 1937 £325,000  
 Average price per lb 14s 1d, compared with 14s 4d in 1937.

## GERMAN-AMERICAN FRIENDSHIP

Hope of Ambassador TALK WITH HITLER

United Press Association—Copyright. (Received 7 p.m.).  
 Mr. Hugh Wilson, new British Ambassador, expressed his hope that German-American friendship would be a characteristic of the new year. He stated that he was confident that the new year would be a year of friendship and cooperation between the two nations.

## OUTSTANDING IN HER CLASS

The N.Z. Shipping Company's Royal Mail, a beautiful blend of speed and service, the "Daily Mail" containers used for the whole world, which, in appearance, performance and luxurious equipment is looked upon as the finest ship of her class afloat.

## MR. J. D. ORMOND NOT TO CONTEST WAIAPA

### Withdrawal of Nomination as Candidate for General Election

WAIAPA.  
 Mr. J. D. Ormond, Minister of Education, has announced his withdrawal as a National Party candidate for the Waiapa seat at the general election next November. This decision is announced in a letter to the National Party members of the New Zealand National Party. The letter reads as follows:—  
 "I am writing to you to advise that I have decided to withdraw my nomination for the Waiapa seat at the coming General Election."  
 "In withdrawing my nomination, I am doing so because I feel that at this juncture, I should devote my whole time and energy to the duties of my office as Minister of Education."  
 "I am, of course, in the meantime, your obedient servant."

## 'Good Neighbour' Policy

ROOSEVELT PRAISED His Fifth Anniversary of Election EFFORTS FOR PEACE

United Press Association—Copyright. (Received 7 p.m.).  
 WASHINGTON, March 5.  
 The Secretary of State (Mr. Cordell Hull) on the occasion of the fifth anniversary of President Roosevelt's administration, issued a statement praising the "good neighbour" policy of his administration. He stated that his administration had been successful in promoting peace and cooperation between the nations of the Western Hemisphere.

## SIX MILES DOWN IN THE SEA

PROFESSOR MARKS READY OCEAN DESCENT Picard to Explore Depths

United Press Association—Copyright. (Received March 4, 11 p.m.).  
 BRUSSELS, March 4.  
 Professor Picard is constructing a submarine globe to which, after a rehearsal at Lake Lemans, he hopes to descend six miles west of the Azores Islands next September. The globe is to be a depth of 3000 feet. The upper portion of the globe will be a sphere of 100 feet in diameter. There has been a corresponding increase in the number of dives. An experimental descent of 1000 feet was made on the 28th of February.

With three months of the current year now past, it is the period with 1937 for the corresponding period. The figures are as follows:—  
 The number of dives has increased from 10 in 1936 to 15 in 1937. The number of dives has increased from 10 in 1936 to 15 in 1937. The number of dives has increased from 10 in 1936 to 15 in 1937.

LETTERS to the EDITOR

Letters to the Editor must be written on one side of the paper only, and in ink. The correspondent's name and residential address should be given either at the start or at the conclusion of the letter.

"Is It Any Wonder That the League Failed?"

In a recent editorial you refer to the League of Nations as a "dead letter" and in so doing you are not only wrong but you are also wrong in your opinion. The League of Nations was not a "dead letter" but it was a failure. The League of Nations was a failure because it was not supported by the great powers of the world. It was a failure because it was not supported by the great powers of the world.

AT THE GATEWAY OF HAWKE'S BAY: HOW OUR PRODUCE GOES OVERSEAS.

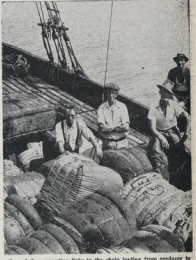

THE WEALTH OF HAWKE'S BAY PRODUCE STARTS ON ITS WAY TO THE MARKETS OF THE WORLD.—Two lighters on their way to the Hauraki provinces, being towed to the Napier wharves. Yesterday they were laden with frozen meat, apples and wool to be shipped to one of the finest ports of the class abroad, and here rest at Napier in all great readiness to be in constant readiness to the province generally.

Lighters despatched by the forwarding docks of the Royal Mail liner Rangitiki as she lies in the roadstead in Waikare waters. The manner in which the lighters were worked alongside the liner was a revelation of speed and precision. In this work is wrapped up much of the success of the export trade from this, one of the wealthiest provinces in New Zealand.

THE CRAN, TO AND FRO—A splendid study of fighting work in progress in the Napier roadstead yesterday.

One of the numerous boats in the chain loading from producer to consumer. A group representative of the men who handle cargoes at Napier. With each sack link in the chain of profitable carrying and property forged. This photograph was taken yesterday during the loading of a vessel at Napier.

Autumn Has Arrived!

FINE MOTOR VESSEL  
Luxurious Passenger Accommodation

A notable visitor to Hawke's Bay waters is the New Zealand Shipping Co's finest mail motor vessel Rangitiki, at present loading from sheep, butter, fruit and wool in the Napier roadstead.

The Rangitiki is in some eight years' service and is one of the finest motor vessels the sea still knows, both from the point of view of appearance and the luxurious accommodation for her class abroad. The motor power is an attractive feature of this delightful passenger vessel made for her comfort and the ease of her crew.

The first class passenger accommodation is of the highest standard, consisting of saloons, drawing rooms, staterooms, smoking rooms, and deck, swimming pool, and other amenities. The food is prepared and furnished to a high degree of comfort. The principal reason for the success of the Rangitiki is the service of international repute and the capable manner in which the first class passenger accommodation is managed.

The Rangitiki is a fine motor vessel, and is one of the finest of her class in the world. She is a fine motor vessel, and is one of the finest of her class in the world. She is a fine motor vessel, and is one of the finest of her class in the world.

Box Suits and Coats, Luxurious Fur Collared Coats, Snappy Fur-Cloth Swagers, Distinctive Knitwear, American Model Frocks, Perfectly Man Tailored Costumes, Exclusive Model Millinery, and a wide range of Superior Quality Fur Coats... all very keenly priced.

WILL BE OWNED BY STATE

Five Million Pounds Iron Industry Outlined Work for 1500 Men British Firm to Supervise Early Development

When all full production is reached which the Government proposes to establish will provide work for 1200 people, with an additional 300 on coal mines and transport.

This was stated by the Minister of Industries and Commerce, the Hon. D. C. Sturges, moving the first reading of the Iron and Steel Industry Bill in the House of Representatives this afternoon.

The Minister said it would be about two years before full production was reached.

Urgency was accorded the Bill.

"The purpose of the Bill is to enable the Government to establish an iron and steel industry in New Zealand.

It provides for the carrying on of industries situated in any part of New Zealand, and to enable the Government to acquire any land, buildings, and other property necessary for the carrying on of such industries.

The Bill also provides for the carrying on of such industries in any part of New Zealand, and to enable the Government to acquire any land, buildings, and other property necessary for the carrying on of such industries.

The Bill also provides for the carrying on of such industries in any part of New Zealand, and to enable the Government to acquire any land, buildings, and other property necessary for the carrying on of such industries.

The Bill also provides for the carrying on of such industries in any part of New Zealand, and to enable the Government to acquire any land, buildings, and other property necessary for the carrying on of such industries.

Tuberculosis Among Stock.

EXPERT GIVES A WARNING

Danger Which New Zealand Must Face.

"Risk Among Cattle and Pigs in Dominion."

By VETERINARIAN.
The New Zealand Government is to be one of the most prominent to attempt to show how to prevent the spread of tuberculosis among stock in the programme of stock disease investigations and control.

Probably the live incidence in New Zealand of some of the major disease organisms is greater than in any other country in the world. It is in fact the most advanced country in the world in the prevalence of stock disease organisms and control.

However, it is always admitted that a country which is advanced in the prevalence of stock disease organisms is also advanced in the programme of stock disease investigations and control.

It is in fact the most advanced country in the world in the prevalence of stock disease organisms and control.

NAPIER PARK WILL CONCLUDE TO-DAY

Soltening of Track May Upset First Day's Form

(By CHILDRIS) While the fields for the second day of the Napier Park Racing Club's meeting are not large, the material is there for another day of most interesting racing.

None paid up for the main event, the Greenmeadows Handicap, including the three morning starting. The race is held in Solon, Master Cychin and Harting Cat. After their respective runs in the Napier Park meeting, the three stallions are expected to show a different picture on the second day.

It is to be seen on the second day, as the result, the first day's form may be altered. The weather is expected to be a factor in the race.

Master Cychin is expected to be a factor in the race. The weather is expected to be a factor in the race.

Master Cychin is expected to be a factor in the race. The weather is expected to be a factor in the race.

Master Cychin is expected to be a factor in the race. The weather is expected to be a factor in the race.

Two men were arrested on the grounds at Napier Park, but will be prepared to race. A very smart race, the usually fast and well-run race of Lady Park. The meeting is just about over the top of the highlights of the day.
