DISMAL WEATHER FOR THE FINAL DAY

Crowds at Napier Park Don Raincoats and Goloshes

Last-minute hopes of the weather clearing for the final day of the Napier Park Racing Club's autumn meeting on Saturday went in at half-past twelve the rain came down in earnest.

Fortunately, Hawke's Bay people took no open sport to be daunted by such a contretemps. The crowd was almost as large as on Thursday.

There was a real disappointment, for, judging from the way autumn suits glistened when the showers lifted and coats were unbuttoned, there would have been almost a fashion parade had the weather been kind.

NATIONAL PARTY AIMS

ELECTION POLICY OUTLINED
CONTINUED VIEW
Mr C. Bell Speaks at Danversville

DANVERSVILLE.—The National Party's aims were outlined by the chairman of the Wellington division of the party (Mr C. Bell) at a garden party held at the Albert Stadium's residence on Saturday.

Mr Bell introduced Mr Bell. Mr Bell said that it was a great pleasure to see such a large gathering of supporters. However, that was the exception, for people who were interested were beginning to rally to the National Party.

Dalhousie was fortunate to have the National Party in the present position in the Government of the country, for he was very expert. He had proved his worth when he acted as Prime Minister some years ago.

The Hon. Mr. Bell continued, was a result of the last election. The Party is president of the party (Colonel A. H. Wood) had invited him to fight the Labour Party the National Party's aim would be to bring an end to it.

However, Colonel Wood had made it clear that the party would uphold democratic rights. It would allow everyone to have a say in the Government.

The leader of the party (the Hon. A. H. Wood) had outlined an important message that all supporters must read to the party would be responsible.

The very important things were to be done to support the present Government. Mr Bell said. One was a large membership, and the other was to make Labour to stand on its own feet. He said that the party would be able to do this if it was a party of the people. He said that it was a party of the people. He said that it was a party of the people.
