HAWKES BAY WEATHER Fine weather; light winds; and slight seas.

WATERFRONT DISPUTE MAY BECOME SERIOUS

Men and Shipping Agents Fail to Agree on Payment of Wages

Whether the Napier waterfront dispute will or will not assume serious proportions will probably be decided this morning by the action of the men when the 8 a.m. call is made for labour. The dispute, which has antedated the... yesterday afternoon submitted to a meeting of the National Shipping Committee of Napier. No agreement was reached and the discussions were continued during the evening.

It is understood that the shipping agents are awaiting the result of the call for labour this morning, and that if the men do not turn out in serious position any action. No information could be obtained from the shipping agents but it is thought that the men will be refused to work today, pending hearing of the dispute, it is thought possible that they will not return to work until after the hearing.

The dispute arose from a difference of opinion between the men and the shipping agents as to the amount of wages to be paid for the work done on the waterfront. The men were called out at 8 a.m. and the agents refused to pay the wages demanded. The men then went to work and the agents refused to pay the wages demanded. The men then went to work and the agents refused to pay the wages demanded.

On Wednesday morning the men and the agents met to discuss the dispute. The men demanded a 10% increase in wages. The agents refused to pay the wages demanded. The men then went to work and the agents refused to pay the wages demanded.

The dispute is now in a serious position. The men are demanding a 10% increase in wages. The agents are refusing to pay the wages demanded. The men are now on strike and the waterfront is closed.

GOVERNMENT GREATLY DISTURBED

"Cannot Tolerate the Present Position," Says Hon. H. T. Armstrong

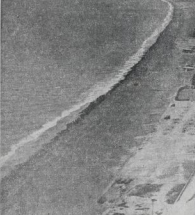

From the Hon. Parliamentary Secretary to the Prime Minister, Mr. H. T. Armstrong, in a speech made in the House of Representatives on March 10, 1938, he said that the Government was greatly disturbed by the present position of the waterfront dispute in Napier.

"NO COMMENT TO MAKE"

FRUIT LOADINGS AT NAPIER

EFFECTS OF DELAY

When news reached last evening that the result of the meeting of the National Shipping Committee of Napier was that the men and the agents had failed to reach an agreement, it was expected that the waterfront dispute would become serious.

NAPIER'S CLAIM TO BE THE "ONE OF THE FAUCETS" IS SOLEMNLY FOUNDED ON THIS MANIFEST SEAFRONT SITE. This view looking immediately along the Marine Parade was taken from the top of the Boat Hill recorder by the "Daily Mail" correspondents. In the central foreground can be seen the well-known and popular seafaring feature of the Napier waterfront—the stone work which the post-conditions of former importation of other and so on is visible.

IRREGULARITIES ALLEGED IN GREAT WALL STREET CRASH

Broker Richard Whitney Says He is "Ready to Meet Consequences"

United Press Association.—Copyright. (Received March 10, 11 p.m.) NEW YORK, March 10. Mr. Richard Whitney leased a statement advising other members of the firm of Richard Whitney and Company, stock brokers, from any responsibility for the bankruptcy of the firm.

He admitted that he knew that certain of his actions were wrong, and expressed his resolution "to meet the consequences."

A preliminary examination revealed that he personally withdrew securities valued at \$180,000 from the accounts of customers of two of his firms. It is further revealed that six partners in their own accounts with those firms had a net debt balance of \$148,600. Whitney's personal debt balance was \$122,000.

Other newspapers report various irregularities in the accounts of Whitney's family and friends. It is also reported that Whitney had an affair with a woman in an effort to raise his firm from its predicament.

Whitney's firm also admitted that it had borrowed money from the Government and that it had used the money to pay its debts.

TITOLI HELD UP AT GREYMOUTH

Retail Trade is Greater

YEAR IN BRIEF

There was an increase of 8.6% in the production of retail trade in New Zealand in 1937. The increase was due to a number of factors, including a rise in the price of goods and a rise in the volume of trade.

PROSPECT OF BOYCOTT

QUESTION ASKED IN HOUSE

REPORTED ACTION

Has Reciprocal Policy Been Abandoned?

United Press Association. PARLIAM. BLDG., March 10. In the House of Representatives today Mr. J. P. Jones (Opp. Str.) asked the Prime Minister whether his attention had been drawn to a suggestion reported in the press to have been made to the Prime Minister of Great Britain to put a retaliatory embargo on British goods, which he had returned to the High Commission, the possibility of any such move would be a serious matter for the Government.

LAUNCH RODNEY DISASTER

TOO MANY ON TOP DECK

DISOBEYED ORDER

Finding of Coroner in Sydney

United Press Association.—Copyright. (Received March 10, 11 p.m.) SYDNEY, March 10. The inquest into the 39 victims of the launch "Rodney" which was wrecked on February 13 was continued today.

Police evidence was to the effect that the vessel did not engage any reef and was allowed to sail past the reef. The coroner found that the death of the 39 victims was due to the fact that the launch was overloaded and that the crew disobeyed orders.

The coroner found that the death of the 39 victims was due to the fact that the launch was overloaded and that the crew disobeyed orders. The coroner also found that the launch was not properly maintained.

APPEAL IS MADE FOR EXCHANGE OF "CULTURE"

Duke of Kent Says Peoples of World are Beginning to Know Each Other

British official Wireless. (Received March 10, 11 p.m.) RUGBY, March 9. At the dinner of the Anglo-Polish Society in London, the Duke of Kent referred to the long friendship between Britain and Poland and emphasized the value of such societies generally in encouraging international friendship.

They were, he said, perhaps one of the great contributions of the last century to the Western world. In spite of the Napoleonic Wars, the Franco-Prussian War, and the Great War he felt that, taken as a whole, there had been in this period a remarkable movement towards the people of one country to get to know those of another.

Travel had become so easy that one could go anywhere with speed and comfort and make friends, but there was something lacking—something which such societies could provide—it was the exchange of "culture," the sum total of artistic and literary achievement of one's country.

Such exchanges contributed an unalloyed interest to modern civilization. Lord Plymouth said it was beyond doubt that many of the troubles which beset Europe at the present time were due very largely to a lack of understanding by one country of the point of view and difficulties of another. Any movement to try to bring the peoples of two countries into close association was likely to be of great benefit, not only to those particular countries, but to the world as a whole.

Bombing of Hospital End to Housing Restrictions

PARLIAM. BLDG., March 10. The National Institute of Research in the Arts, Crafts and Industries today announced that it had received a grant of £25,000 from the Government to carry out a study of the housing problem in the United Kingdom.

The grant will be used to carry out a study of the housing problem in the United Kingdom. The study will be carried out by the National Institute of Research in the Arts, Crafts and Industries.

MEN ON RIVER WORKS ENDORSE APPEAL

Contracts Not To Be Signed Without Unions' Approval

Men employed on river diversion works have unanimously endorsed the appeal of the Hawke's Bay Labour Union against the decision of Mr. J. M. McGee, M.P., to sign the proposed contracts for the diversion of the Waikato River. The appeal was signed by 100 men, representing the Hawke's Bay River Board, the Hawke's Bay Labour Union, and the Hawke's Bay Trades Union. The appeal states that the proposed contracts are unfair and that the men are not prepared to accept them without the approval of their respective unions. The appeal also states that the men are not prepared to accept the proposed contracts without the approval of their respective unions.

RIVER WORKS MAY BE CLOSED DOWN

Board Action Possible if Men's Demands are Continued

There is a strong possibility of the Hawke's Bay River Board works being closed down as a result of the dispute between the board and the Hawke's Bay Labour Union and Hawke's Bay Trades Union on the question of the proposed contracts. The board has refused to accept the demands of the unions, and the unions have refused to accept the board's offer. The board has threatened to close down the works if the unions do not accept the board's offer. The unions have threatened to strike if the board does not accept their demands.

RIVERS BOARD WINS CASE

LABOURERS' CLAIM FAILS

The Hawke's Bay River Board has won a case against the Hawke's Bay Labour Union and Hawke's Bay Trades Union. The board has been awarded costs of £1,000. The unions' claim for £5,000 has failed. The board has argued that the unions' demands were unreasonable and that the board's offer was reasonable. The unions have argued that the board's offer was unfair and that the board's actions were illegal.

COURTS RESERVED DECISION

Status of Contractor

The courts have reserved their decision on the status of a contractor who has been employed by the Hawke's Bay River Board. The contractor has argued that he is an independent contractor and that he is not entitled to the benefits of the Workmen's Compensation Act. The board has argued that the contractor is an employee and that he is entitled to the benefits of the Act. The courts have reserved their decision on this question.

LOAN MONEY FOR RIVERS BOARD

The Minister of Finance has agreed to loan money to the Hawke's Bay River Board. The loan is for £10,000 and is to be repaid over a period of five years. The board has argued that it needs the money to complete the diversion works. The Minister has agreed to the loan on the condition that the board will provide a security for the loan.

Letter from Minister of Finance

The Minister of Finance has written a letter to the Hawke's Bay River Board. In the letter, the Minister has expressed his sympathy for the board and has offered to help the board in any way possible. The Minister has also expressed his concern about the dispute between the board and the unions and has offered to mediate between them.

SNAPPED BY THE WAYSIDE

A young child was snapped by the wheels of a motor vehicle on the road near the Hawke's Bay River Board works. The child was taken to the hospital and is recovering. The driver of the vehicle was not injured. The incident has caused concern among the workers on the site.

The Hawke's Bay River Board has announced that it will be closing down the works if the unions do not accept the board's offer. The board has also announced that it will be applying to the courts for an order to close down the works. The unions have announced that they will be striking if the board does not accept their demands.

Two Additional Class Rooms CABINET'S APPROVAL

Assist to Hastings High School Work Planned

The Education Department has approved a grant for additional class rooms at Hastings High School. The grant is for £1,000 and is to be used to build two additional class rooms. The rooms will be used to assist the school in its work. The grant is subject to the approval of the Education Committee.

DISTRICT NEWS FROM WAIROA TO WOODVILLE

THE RAGWORT MENACE IN HAWKES BAY

Necessity for Immediate Measures in Northern Districts

Attention was drawn to the serious nature of the ragwort problem in the Hawke's Bay districts, especially in Napier and Hastings, by Mr. J. P. McLeod, M.P., at a meeting of the Hawke's Bay District Council on Wednesday evening. Mr. McLeod stated that the ragwort menace was a large-scale problem and that it was necessary to take immediate steps to deal with it. He pointed out that the ragwort was a highly poisonous plant and that it was a serious menace to the health of stock and to the wool industry. He urged the Council to take immediate steps to deal with the problem.

BRIEF NEWS FROM ALL DISTRICTS

WRESTLER, CHURCHMAN AND FARMER

"The Bishop's Offsider" Talks of Wrestling to Today and Yesterday

Once a professional wrestler, champion of New Zealand and Australia a farmer, a churchman, lecturer and a churchman—this "Bishop's Offsider"—the Rev. known to his many friends as Bishop Baines, explains the reasons why he is not reaching the peak of his boom in his own country.

The Bishop's way of thinking and wrestling has lost the respect of the critics on this coast.

Today, at St. John's is still a place to sit down—always keeping several men of imposing stature.

Trick On Wrestler

That one has been a wrestler and an actor that he is now, he is not aware of as the more modern world of professional wrestling.

N.Z. Champions on Tour

SWIMMERS' VISIT Demonstrations at H.B. Carnivals ABILITY OF TRIO

Democratizing swimming and its reach of other branches of the game, the Auckland, New Zealand, Swimming Club, which has been touring in New Zealand, is now in Auckland.

The club's visit to Auckland is the first of a series of demonstrations at H.B. Carnivals.

PROMISING NEWCOMERS IN HAWKE'S BAY TENNIS

Form in Saturday's Match Against Wairarapa: Best's Good Win

Although that is not particularly surprising to the tennis men and women players in this district, the fact that the Wairarapa team was not as strong as they anticipated was a surprise.
