KIRK CUP CRICKET AT NAPIER Win for Hawke's Bay

MATCH PROLONGED THROUGH POOR FIELDING

Most of those who watched the game between Hawke's Bay and Poverty Bay for the Kirk Cup throughout the 2 1/2 days will play agree that the least time was lost to the spectators. Poor fielding was the cause of the delay, but the stronger Hawke's Bay team could do its own best. Both in batting and bowling the Hawke's Bay team was definitely stronger than its opponent, but the strength was not apparent until far late in the match.

Hawke's Bay first innings scored 138 while Poverty Bay made 120. The match was drawn 1-1. The second day was a complete wash-out and only one batsman, J. J. Dow, scored 10 runs. The match was drawn 2-2. The third day was a complete wash-out and only one batsman, J. J. Dow, scored 10 runs. The match was drawn 3-3.

Junior Cricket Competition

NEXT SEASON'S PLAN Should Encourage Game PROMISING OUTLOOK

Arrangements are now well in hand to have a season, an interesting junior cricket competition. Although many followers of the game who had been disappointed at the beginning of the year when it was thought that the season would not be so successful as in previous years, it is now believed that the season will be a success.

RECORD BROKEN BY LINER Adelaide- Melbourne

The competition has to be held in the form of a relay race. The first leg of the race is from Adelaide to Melbourne, and the second leg is from Melbourne to Adelaide.

First Tennis Open Tournament

Amateurs Play Professionals: Authorities' Reaction Awaited

Tennis amateurs have an open mind about the proposed plan to hold a first tennis open tournament. The plan is to have a tournament in which amateurs and professionals play against each other.

New Models On View At The Autumn Show

Now that the world's first open tournament has been held and a number of arrangements have been made, the United States Association is faced with having to make a decision which will either reject the proposed plan or accept it.

AMATEUR THEATRICALS EXTREMELY POPULAR

But To Be A Success They Must Have A Good Wardrobe Mistress

Amateur theatricals are so much in fashion that they have come to be their place as almost one of the New Zealand winter institutions...

Above all, she must be a bargain hunter when she visits the shops...

It is essential that there should be a close cooperation and liaison between the wardrobe mistress and the designer...

As the wardrobe mistress is not only a person, but that person, if she is to be successful in her work...

NO INTERVENTION IN SPAIN

British Attitude is Unchanged
Emphatic Speech
'Policy has Prevented War In Europe'

United Press Association—Copyright.
(Received March 11, 10 p.m.)
The Prime Minister (Mr. Neville Chamberlain) made a statement to the House of Commons...

It would be ridiculous to pretend that there has not been a change in British policy...

The Opposition members that spoke... France means the holding over of Spain by Franco...

The British Government have never taken that view, and do not do so today...

Mr Chamberlain was referring to the speech by the League of Nations...

Mr. Attlee drew attention to the fact that the Government...

PAINTED CROSSINGS FOR PEDESTRIANS
'Not a Remedy for Trouble'; Borough Council's Attitude

Cabinet Guesses Approval: 400 to 500 Men Will be Given Work, Says Minister

ONE OF THE TEAMS IN THE MEXLEY BALL COMPETITION FOR GIRLS AT THE ANNUAL ATHLETIC SPORTS OF THE HASTINGS HIGH SCHOOL BOYS' SOCIETY.

(From Our Parliamentary Correspondent.)
PARLIAMENTARY REPORT.
The second hydro-electric power scheme in Lake Waikaremoana, which has now been approved by Cabinet, is expected to cost just under £1,000,000 and its completion, when in full swing, will provide employment for 400 or 500 men.

Further details of the scheme are expected to be given to the Minister of Public Works in a few days. It is estimated that the largest dam will be a dam of 1,000 feet across through solid granite country.

Proposed Bill
The proposed development will be located lower than the existing power scheme and will have a capacity of 100,000 kilowatts. It is expected that the dam will be built across the present lake, which is about 100 feet deep and 1,000 feet wide. The dam will be 1,000 feet long and 100 feet high.

Does Not Desire To Contest Election
Mr. C. A. Wilkinson, M.P., To Give His Answer Next Week
