THE WAR GOES ON AT ALL COSTS

Loyalist Cabinet Will Try to Forestall Air Raids

United Press Association—Copyright.
(Received March 18, 10 p.m.)

BARCELONA, March 18. After a Loyalist Cabinet meeting it was announced that the Ministers had agreed to continue the war at all costs. An official communication added that a most important military and political decision was reached, but gave no further particulars, beyond stating that Cabinet was taking full measures to prevent a repetition of the six-day lull.

Railway newspapers have dropped all pretence of non-partisanship and openly state that Italian troops have occupied Algeria, on the Aegean front. They also announce that Italian planes bombed Government troops.

The Spanish Ambassador in Washington from the impressionistic note on Barcelona, have increased in last 24 hours, at least 300 aircraft. The Aegean area, where the Government planes were closed with the capture of Corcu, which occupied two days of desperate fighting, first by the different planes, which landed on the blown from the Aegean, many of which were in the Aegean, many of which were in the Aegean.

He located that Spain has been in the Aegean, many of which were in the Aegean, many of which were in the Aegean.

POLISH NOTE LAYS DOWN TERMS OF SETTLEMENT

Demands are Believed to be Reasonable, but Warsaw Crouds are Unruly

United Press Association—Copyright.
(Received March 18, 9 p.m.)

WARSAW, March 18. "The Polish Government has agreed to a settlement of the present dispute. A reply is expected within 30 hours."

A London message says that the terms laid down in the Polish Note are described as "indispensable to the avoidance of further incidents endangering peace."

It is officially announced from Warsaw that the Foreign Minister (Colonel Beck) in the Senate next Thursday will re-state.

Meanwhile, thousands continue to parade the streets, have organised a newspaper which stated that the Government had sent an ultimatum to Lithuania "the Polish Note."

The "Daily Herald" correspondent states that a proclamation would then be issued against the Lithuanian people to elect a Government that would make peace with Poland and conclude a lasting political agreement. Polish troops would then move out, as Poland, it is stated, does not desire to annex the country.

Lithuania and Latvia are expected to be urging Lithuania to accept Poland's demands, which include punishment of those concerned in the killing of the Polish guard on March 11.

Poland's ultimatum to Lithuania is rejected or an unsatisfactory reply is received. Polish troops will march on Kaunas, says the "Daily Herald." The Polish War Minister (General Kasprzak) estimated that his mechanized infantry and artillery units, already massed on the frontier, can reach the Lithuanian capital in two or three hours. Little resistance is expected from the Lithuanian Army, which consists of only 24,000 men.
