Lithuanians Stand that Russia Has Refused Aid Promised

United Press Association—Copyright.
(Received March 21, 10 p.m.)
LONDON, March 21.
The Lithuanians state that they succeeded owing to pressure by Germany and Poland, and the failure of Russia to provide aid which had been repeatedly promised, says the Moscow correspondent of the London "Daily Telegraph".
Lithuania, Latvia and Lithuania may now establish a real frontier while Poland is anxious for better Russian and German relations.
Soviet Russia is also interested in the situation, which affords an opportunity for a strong neutral bloc to promote peace between Russia and Germany.

NEW BRITISH TORPEDO-BOAT—Completed last month. "Hawke's Bay" No. 117 is seen here at speed during her first trial runs. The boat is a 100-ton torpedo-boat, built at the Royal Dockyard, Portsmouth, England. It is the first of a new class of torpedo-boats, built to a design by Mr. J. H. Lawrence, who was working on this design. This speedy little torpedo-boat is the most powerful ever built and is the first of its kind in the world. It is now intended to be used as a target for the fleet.

A FAULTY REPLACEMENT

Sensational Discovery on Comet

A Narrow Escape Clouston and Ricketts Were Not Aware of Danger

By Telegraph—Press Association.
WELLINGTON, March 21.
The faulty replacement of a rivet on the nose portion of a cooling tower at the end of the Comet, in which Flying Officer A. R. Clouston and Mr. Victor Ricketts made the record flight from Auckland to Shanghai, might have caused a serious disaster, if not a tragedy, while the aviators were enroute to the famous New Zealand airfield at Shanghai on Sunday.
The rivet was replaced by the Cook Strait Air Force ground staff last evening. It was discovered that the rivet had been replaced by one of the wrong size and that it was not secured properly. The rivet was replaced by the correct size and secured properly. The rivet was replaced by the correct size and secured properly.

EAT BREAD IF YOU WOULD BE SLIM

A Quick and Easy Way to Slenderness. Fashions in dieting are ever changing, and that which is condemned today may be advocated tomorrow.

The latest illustration of the rapid changing of fashions is the advocating of bread as a slimming diet. For many years, bread was taboo, and few diets included bread in the menu.

Now we have a slimming diet composed mostly of bread. A diet which has been tested in London by a leading doctor, specialist, a specialist, and a nutritionist... The diet is simple and easy to follow.

There is only one point which you must watch carefully, and that is to eat only the amount of bread which you need for your daily work.

TOPDRESSING OF THE HILL-COUNTRY FARMS

Lack of Activity Discussed in Recently Issued Bulletin

On some an example where the topdressing of hill country farms was not done in 1937 and had not been done in 1938, it is pointed out that the topdressing of hill country farms is a very important factor in the maintenance of the soil fertility and the production of a high quality crop. The lack of activity in this respect is discussed in the recently issued bulletin.

The bulletin is a reprint of the report of the Agricultural Chemist, showing in detail the results of the topdressing of hill country farms. It is a valuable reference for all farmers who are interested in the maintenance of their soil fertility and the production of a high quality crop. The bulletin is available for sale at a special price of 1/6 per copy.
