Post Office is Busy
 BIG JOBS IN MAY
 Levies, Licences and Ordinary Work

May is one of the busiest months for the Post Office and it is not only due to the increased volume of work at the counters in connection with the celebration of the 50th anniversary of the establishment of the Post Office, but also to the fact that transactions have to be completed in order to effect the closing of the financial year on 31st March. It is estimated that during the next month 45,000 or more New Zealanders will receive their quarterly pay of 5/- under the Unemployment Insurance Act. This is a large sum and it is for this reason that the Post Office is working the penalty rate for the payment by May 31st.

Another Post Office activity which extra work for the counter staff during May is the handling of the increased volume of work connected with the closing of the financial year. The volume of work in this connection is increased because of the fact that the industrial and occupational groups which bring their tax returns to the Post Office as a result of the 1937-38 tax year are due to file their returns by the end of the month. The volume of work in this connection is also increased because of the fact that the 1937-38 tax year is the first year in which the tax returns are to be filed in the form of a return instead of in the form of a statement.

There are also special Post Office duties which are being carried out during the month. These include the handling of the 1937-38 tax returns and the handling of the 1937-38 tax returns. The volume of work in this connection is also increased because of the fact that the 1937-38 tax year is the first year in which the tax returns are to be filed in the form of a return instead of in the form of a statement.

Evening News 1938

The wide topics of the news can be followed in a daily 15-minute broadcast on the Evening News. The programme is broadcast on the 5A station at 7.15 p.m. and is a most interesting and informative programme. It covers the news of the day and is a must for all who are interested in the news of the day.

An Exciting Game "Ding-dong" In Oatley Basketball Match

A splendid game with the points first of four sets, and the second set a real thriller. The match was a most interesting and exciting one. The players were all of the highest quality and the game was played to the hilt. The result was a well-deserved victory for the home team.

I thought my bedclothes were white, Nurse, until I saw your Peril-washed uniform... after all my washing experience, too!
You may be satisfied now - but until you use PERSIL your washing can't be really white
Long through your washing experience may have been, it takes a Peril wash to show you what real 'whiteness' means. Peril is quite different from anything else you may have used. The wonderful oxygen-charged soap suds cleanse the closest weave, getting out stains and grime completely. Just because Peril makes things so much cleaner, it makes them whiter, too. Use Peril alone for the whole family wash - no other soaps or extras needed.

MAKING THE BEST OF YOUR LOOKS

By Ida Lupino

Confidence may still prefer beauty, but they want more beauty. And while beauty may be a matter of accident for a time ...

who is born beautiful and three-quarters her beauty will seem like a bonanza to the girl and the fellow who is not so goodly endowed by nature, but who takes advantage of certain common-sense rules of life. ...

WHERE'S THE Wash-house?

TODAY, many new home-builders are planning houses without wash-houses. And, in place of the old-fashioned wash-house, a handsome H.M.V. Electric Washer does all the work of wash-boards, coppers and wringers, calmly and more efficiently and without splashing and tiring heat. The H.M.V. washer saves time, effort, money and space, and laundries heavy woolens or dairy silks with the same gentle care. A convincing, free home demonstration is available on request.

AIR REARMAMENT TO TAKE PRIORITY Great Acceleration in Britain PREVIOUS PROGRAMME WILL BE "OVERSHADOWED"

Fear of German Power Expressed United Press Association—Copyright (Received May 12, 1938).

A "new programme" which "entirely overshadows the programme we undertook three years ago, which itself was superseded in pace time" was announced in the House of Commons debate on the Air Ministry vote by Earl Winterton.

Earl Winterton declared emphatically that the Royal Air Force will not be behind other services. The production of engines was increasing rapidly, and in this connection the "radar screen" had fully worked itself out. There was now a vast field of actual and potential production.

By the House of Lords, Lord Vyne declared that air rearmament was to take priority in labour, materials, and facilities.

Earl Winterton, in detailing the Air Force expansion, said that the Government were spending £1,000 million in 1938, £1,200 million in 1939, £1,400 million in 1940, £1,600 million in 1941, £1,800 million in 1942, £2,000 million in 1943, £2,200 million in 1944, £2,400 million in 1945, £2,600 million in 1946, £2,800 million in 1947, £3,000 million in 1948, £3,200 million in 1949, £3,400 million in 1950, £3,600 million in 1951, £3,800 million in 1952, £4,000 million in 1953, £4,200 million in 1954, £4,400 million in 1955, £4,600 million in 1956, £4,800 million in 1957, £5,000 million in 1958, £5,200 million in 1959, £5,400 million in 1960, £5,600 million in 1961, £5,800 million in 1962, £6,000 million in 1963, £6,200 million in 1964, £6,400 million in 1965, £6,600 million in 1966, £6,800 million in 1967, £7,000 million in 1968, £7,200 million in 1969, £7,400 million in 1970, £7,600 million in 1971, £7,800 million in 1972, £8,000 million in 1973, £8,200 million in 1974, £8,400 million in 1975, £8,600 million in 1976, £8,800 million in 1977, £9,000 million in 1978, £9,200 million in 1979, £9,400 million in 1980, £9,600 million in 1981, £9,800 million in 1982, £10,000 million in 1983, £10,200 million in 1984, £10,400 million in 1985, £10,600 million in 1986, £10,800 million in 1987, £11,000 million in 1988, £11,200 million in 1989, £11,400 million in 1990, £11,600 million in 1991, £11,800 million in 1992, £12,000 million in 1993, £12,200 million in 1994, £12,400 million in 1995, £12,600 million in 1996, £12,800 million in 1997, £13,000 million in 1998, £13,200 million in 1999, £13,400 million in 2000, £13,600 million in 2001, £13,800 million in 2002, £14,000 million in 2003, £14,200 million in 2004, £14,400 million in 2005, £14,600 million in 2006, £14,800 million in 2007, £15,000 million in 2008, £15,200 million in 2009, £15,400 million in 2010, £15,600 million in 2011, £15,800 million in 2012, £16,000 million in 2013, £16,200 million in 2014, £16,400 million in 2015, £16,600 million in 2016, £16,800 million in 2017, £17,000 million in 2018, £17,200 million in 2019, £17,400 million in 2020, £17,600 million in 2021, £17,800 million in 2022, £18,000 million in 2023, £18,200 million in 2024, £18,400 million in 2025, £18,600 million in 2026, £18,800 million in 2027, £19,000 million in 2028, £19,200 million in 2029, £19,400 million in 2030.

REGARDED AS A WHOLE The defence of Britain must be regarded as a whole. The defence of the Empire must be regarded as a whole. The defence of the Commonwealth must be regarded as a whole. The defence of the world must be regarded as a whole.

MANUFACTURE IN DOMINIONS The Government are anxious to see that the Dominion Governments are able to take advantage of the opportunities offered by the expansion of the Empire.

11,000 AIRMEN ENROLLED YEARLY "Nothing Is To Stand In The Way" Progress in Great Britain "PLANES" QUALITY "In Demand All Over The World"

British official statement. (Received May 13, 1938).

The House of Commons, in its debate on the Air Ministry vote, has shown that the Government are determined to maintain the highest standards of quality in their aircraft.

Powerful Speech Lord Ely Supports Policy of Air Ministry British official statement. (Received May 13, 1938).

The House of Lords, in its debate on the Air Ministry vote, has shown that the Government are determined to maintain the highest standards of quality in their aircraft.

Speaking on the progress of the Air Ministry, the House of Commons has shown that the Government are determined to maintain the highest standards of quality in their aircraft.

As an instance of the official statement, the House of Commons has shown that the Government are determined to maintain the highest standards of quality in their aircraft.

As an instance of the official statement, the House of Commons has shown that the Government are determined to maintain the highest standards of quality in their aircraft.

INQUIRY IS URGED

GOVERNMENT CAME OUT BADLY

PRESS CRITICAL Secret Committee of All Parties?

United Press Association—Copyright (Received May 13, 1938).

Immediately after the closing of the debate on the Air Ministry vote, the Government came out badly. The press was critical, and a secret committee of all parties was suggested.

The Prime Minister, Mr. Neville Chamberlain, said that the Government were determined to maintain the highest standards of quality in their aircraft.

The Government were determined to maintain the highest standards of quality in their aircraft. The press was critical, and a secret committee of all parties was suggested.

"BUTTING IN" DENIED THE LOCAL BODY ELECTIONS HON. A. HAMILTON'S VIEW "PLAIN MEANING" Dictatorship Will Not Be Tolerated

By Telegraph—Association. WELLINGTON, May 13. The Prime Minister, Mr. Neville Chamberlain, has denied the suggestion that he was "butting in" on the local body elections.

After the public election of Mr. John G. Taylor as Mayor of Wellington, the Prime Minister has denied the suggestion that he was "butting in" on the local body elections.

IMPRESSIVE ANZAC DAY SERVICE AT DAWN

Sesquicentennial Service Described: Letter from Sydney

The following, from the *Impresso* of the *Evening News* in Sydney, and the accompanying account of the services which were held at dawn on Monday, May 14, at the Sydney Cricket Ground, are reproduced here. They were received from a student who has been in Australia for some time.

As we arrived at Marist Park about 2.30 a.m., we found the grounds already thronged with people. The atmosphere was one of solemnity and reverence. However, no mention was made of the fact that the service was being held in connection with the sesquicentennial of the landing of the first European at Sydney Cove. The only reference to the occasion was the fact that the service was being held in connection with the sesquicentennial of the landing of the first European at Sydney Cove. The only reference to the occasion was the fact that the service was being held in connection with the sesquicentennial of the landing of the first European at Sydney Cove.

The service, which was held at dawn on Monday, May 14, at the Sydney Cricket Ground, was a most impressive one. It was attended by a large number of people, including many of the leading figures of the community. The service was held in connection with the sesquicentennial of the landing of the first European at Sydney Cove. The only reference to the occasion was the fact that the service was being held in connection with the sesquicentennial of the landing of the first European at Sydney Cove.

Help For East Valley Settlers Club

HASTINGS HARRIERS To-day's Run Starts From Ridge Pa.

A notice of the recent death of a prominent member of the Hastings Harriers is recorded in this issue. The notice is a tribute to the life and work of the deceased, who was a well-known figure in the community.

The Hastings Harriers are a well-known sports club in the Hastings district. They have a long and distinguished history, and their members are proud of their achievements. The club is active in various sports, including football, rugby, and athletics.

UNITED CLUB TEAM

The United Club team has been formed for the upcoming season. The team consists of some of the best players in the district, and they are expected to perform well. The club is looking forward to a successful season.

POPULAR IRISH TENOR Dan Foley

Dan Foley, a popular Irish tenor, has been selected for the upcoming season. He is a well-known performer in the district, and his talents are highly valued. The club is looking forward to his contributions.

NEW ZEALAND'S JOHN MCKENZIE

John McKenzie, a New Zealand player, has been selected for the upcoming season. He is a well-known player in the district, and his talents are highly valued. The club is looking forward to his contributions.

The Hastings Harriers are a well-known sports club in the Hastings district. They have a long and distinguished history, and their members are proud of their achievements. The club is active in various sports, including football, rugby, and athletics.

WAITANGI TRAFFIC BRIDGE IS WORK BEING HELD UP? REPAIRS BEGUN

Not Yet Working Three Shifts

A shortage of shifting gear is believed to be holding up the work of repairing the damaged Waitangi traffic bridge on the Napier-Havelock road. The contractor, Mr. W. J. Mackenzie, has begun repairs but the work is not yet advanced enough to allow the bridge to be opened to traffic.

Mr. Mackenzie has begun repairs but the work is not yet advanced enough to allow the bridge to be opened to traffic. The contractor is working on the bridge at three shifts, but the shortage of shifting gear is causing delays.

The bridge is a vital link between Napier and Havelock, and its closure has caused considerable inconvenience. The contractor is working hard to complete the repairs as soon as possible.

MR. W. J. MCKENZIE CAPTAIN OF N.Z. POLO TEAM RETURNS

R. Q. Mackenzie Interviewed: Speed and Hard-Hitting Won The Gold Cup

Mr. W. J. Mackenzie, captain of the New Zealand polo team, has returned from a successful tour. He was interviewed by the press, where he discussed the team's performance and their victory in the Gold Cup. Mackenzie praised his teammates for their speed and hard-hitting play.

Mackenzie's team was highly praised for their performance, and he was commended for his leadership. The team's victory was a significant achievement for New Zealand polo.

"LOWEST IN THE WORLD" INFANT MORTALITY IN N.Z. WORK PRAISED

Leader of Opposition Is Enthusiastic

The New Zealand infant mortality rate is the lowest in the world, according to a report by the Minister of Health. The Minister praised the work of the health department and the medical profession for achieving this success.

The Minister's report highlighted the success of various health programs and the dedication of medical professionals. The low infant mortality rate is a testament to the quality of healthcare in New Zealand.

REGULAR SERVICE NOT POSSIBLE TO WAIKOPUHI BY BOAT

The regular service to Waikopuhi by boat has been suspended due to unfavorable weather conditions. The suspension is expected to last for several weeks, during which time passengers will have to use alternative transport.

The suspension of the boat service has caused some inconvenience for passengers, but the authorities are working to resolve the situation as quickly as possible.

The suspension of the boat service is a temporary measure, and it is hoped that regular service will resume soon.

N.Z. URGED TO SUPPORT THE PLUNKET SOCIETY

Messages from Leading Men of Dominion Express Praise

The Dominion Council of the Plunket Society is organizing a New Zealand-wide tour of the Dominion, and today's Founders' Day is a suitable time at which this appeal is made.

'March of Human Progress' FOUNDED 31 YEARS

The 'March of Human Progress' was founded 31 years ago, and its purpose is to promote the welfare of the human race. The organization has achieved many successes in its quest for social and economic improvement.

The organization's work is highly praised by leading men of the Dominion, who see it as a vital force for progress. The 'March of Human Progress' continues to strive for a better future for all.

Sub-Union Tour

A sub-union tour is being organized to visit various parts of the Dominion. The tour will provide an opportunity for members to meet and discuss issues of common interest.

The sub-union tour is a valuable initiative that will strengthen the bonds of the union and promote its objectives. The tour is expected to be a successful one.

Westling at Hastings

Westling is expected to visit Hastings in the near future. His visit is highly anticipated, as he is a well-known figure in the community.

Mistakes on Dairy Farms POINTS TO WATCH ARE DIET AND SHELTER

Importance of Meat Meal

(By VETERINARIAN)

The majority of dairy farms and many agricultural farms support a number of pigs.

It seems hardly possible that many of them could be a very profitable concern, because of the very high standard...

It is for the methods of feeding, well they don't exist on many farms.

Some of their feeding habits are very very costly...

Much of the trouble lies in the fact that there is a lack of appreciation of the fact that the pig is just as susceptible to ill health...

Some of their feeding habits are very very costly...

It is in proposed to outline the most important points which improve meat in possible.

Choice of Site—One of the most striking features of the successful pig farm or part of a farm is the site.
