TOKYO AND BERLIN

Although the terms of the anti-Communist pact between Germany, Italy, and Japan are fairly well known, the agreement between Berlin and Tokyo was mainly affecting their interests in Europe and the East but has not yet been developed, although there has been considerable speculation and conjecture.

The instrument was the Thrusa Thrusa that an undertaking seems to be Germany makes against Communist activities. It must be stressed, however, that there is an element of conjecture about it, and that there is no occasion for hysterical panic. Japan's move is not yet developed, although there has been some talk of it, and that there is no occasion for hysterical panic.

It is not, however, one that does not depend on the possibility of the undertaking. The formation of any alliance necessarily indicates a contemplated course of action, or of relations to possible action, and it is a line of action, and that the anti-Communist pact is merely negative.

Even in Spain, Austria, and China should sufficiently demonstrate that relations to possible action, and it is a line of action, and that the anti-Communist pact is merely negative.

It will be noted, however, that the Thrusa Thrusa that an undertaking seems to be Germany makes against Communist activities. It must be stressed, however, that there is an element of conjecture about it, and that there is no occasion for hysterical panic.

QUICK CURRENCIES OF THE WORLD GERMAN EXHIBITION OF CURIOUS COINS Old And New Methods Of Paying For Purchases Form A Strange Contrast

What is surely one of the world's most remarkable exhibits was recently opened at Kloten, near Zurich, in the city of Berlin. It is a Museum of Money with over 100,000 specimens covering a period of 4000 years, and it contains one of the most varied variety of which it is possible to imagine. The average person had no idea so many existed.

KEEP OLD MAN WINTER OUT!! WILLIAMS & CREAGH, LTD. FOR THE BEST HOME-MADE COAL OF ALL KINDS MANUKA - MATAI - BAYLA - WILLOW - SLAIS COKE - CARBONIFEROUS

Gifts That are INSTRUMENTAL in Promoting Happiness and Pleasure. PIANOS, PIANO ACCORDEONS, GUITARS, ACCORDEONS, UKULELES, MOUTH ORGANS.

Oh, Brenda! I thought you'd be white as a sheet when I saw it inside Mary's Persil-washed one - after all my washing experience too!

You'll wonder why you were washing with anything else when you get Persil whiteness. Perhaps you're quite pleased to present with the standard of whiteness you've got after years of washing experience. But just see it against Persil whiteness. You'll see that Persil whiteness is the only true standard of whiteness in washing. Of course it's bound to be whiter than even the best results you can get with ordinary soaps, because Persil does so much more thoroughly. The reason is the special way in which Persil's oxygen action works. And so, by getting things really clean, Persil can't help getting them really white. Use Persil for the whole family wash - on either single or extra loads.

MR. EDEN AT THE HOUSE - The Royal House of St. George held a festival banquet at Grosvenor House, Park Lane, London, on May 19, which was presided over by the host, Mr. Eden.

THE REASON WHY EDEN QUIT

British M.P. Reveals Inside Story Difference of Opinion Was There a Risk of War Involved?

By Mr. Dorothy Buxton, M.P. in "McLaurin's" Canada.

In most ways that on one or many points of similarity between the debatable crisis and the original crisis of Anthony Eden. Both involved serious risks which appeared to have reached fatal levels. In each case the public was warned by an impressive visible King Edward was expected to announce the decision. Both cases were decided by a vote of the House of Commons. Both cases were decided by a vote of the House of Commons. Both cases were decided by a vote of the House of Commons.

THE STORM BEARS

On that fateful night, Eden had declared that the House of Commons would not pass the bill. He had announced that the House of Commons would not pass the bill. He had announced that the House of Commons would not pass the bill.

A FATEFUL HOUR

At 5.45 p.m., the same hour at which Baldwin had announced the abdication of Edward VIII, Eden had announced that the House of Commons would not pass the bill.

EDEN'S DIFFICULT POSITION

Now what is the story behind the whole affair? It is that in spite of Eden's own wishes, he was forced to resign.

EDEN'S DIFFICULT POSITION

When the situation within the Cabinet had become so serious that it was clear that the Government would have to resign, Eden had to make a decision. He had to decide whether to resign or to continue to lead the Government.

did not a proper program to discuss before the House. In his eyes, Eden was not a member of the League of Nations. He was not a member of the League of Nations. He was not a member of the League of Nations.

RESTRAINING THE "MILD MANS"

Both that timid and the impulsive. The "Mild Mans" were those who were not prepared to take any action. They were those who were not prepared to take any action.

EDEN'S DIFFICULT POSITION

When Eden had to make a decision, he was faced with a difficult choice. He had to decide whether to resign or to continue to lead the Government.
