**DEMOCRACY MUST MOVE FORWARD**

**President's Warning To Move TERRORISM AND INTOLERANCE IN OTHER LANDS**

Election Speech By Mr Roosevelt

President Franklin D. Roosevelt (Revised November 6, 7:30 p.m.)

Commenting that the rest of the world was far closer to America than in the days of democracy's founders, President Roosevelt tonight called on the nation to preserve the social and economic gains of Liberalism in Tuesday's elections.

He reminded Americans of terrorism and intolerance in other lands, and gave a warning that unless democracy moved forward as a living force Freedom and Liberty would grow in strength.

He said that the other lands the rest of the world are not only less free, less democratic, less progressive than we are, but they are also less free, less democratic, less progressive than we are. He said that the other lands the rest of the world are not only less free, less democratic, less progressive than we are, but they are also less free, less democratic, less progressive than we are.

NAPIER OUTLINED IN A BLAZE OF COLOUR

Guy Fawkes Night Celebrated In The Traditional Manner

Guy Fawkes Night in Napier! The Marine Parade was transformed from its accustomed quiet dignity to a blaze of brilliant fireworks and blazing bonfires.

The air was filled with spectacular ordnance in red, gold and blue, bursting in a myriad of multi-coloured patterns. Whizzbangs, Very lights, and Roman candles blazed brightly against the dark evening sky.

Over 200 bonfires of various sizes were ranged along the coast from north of the Seaside Hotel as far south as Awahiti.

The display at Awahiti was no exception as that of Napier. The bonfires were lit at intervals throughout the hour, but the most striking sight was the one at the Seaside Hotel, which was lit at the very end of the evening.

The Marine display was occasioned by the fact that the evening hours of the festival were being celebrated at the same time as the Guy Fawkes Night in London.

There was no display in London this year because of the outbreak of the war. The Guy Fawkes Night in London is celebrated on the night of the 13th of November.

INFLUENCE OF RAW MATERIAL
SOME SURPRISES
Further Recovery is Probable

The maintenance of the wool market has apparently proved more surprising than that concerned in the past and persistence of high prices is a fact which has not been taken into account by some speculators who are prepared to price wool on the basis of the new material returned to the market by the United States.

Further Recovery Likely.
Another development which has not been taken into account by some speculators is the fact that the wool market and raw materials for all other commodities are showing a marked recovery in the United States.
