ARENT ENGLISH WOMEN QUEER!

Their Habits Criticised By An American

"The English Speaking Union will probably never recommend this book..."

Margaret Halley, the wife of an American physicist, made her first visit to England...

"In her book, which is not by any means all 'males' as she says..."

Our domestic writer Miss Halley, returning to New Brunswick, Canada, writes that she has never known more of the English women than she has here...

HEATH ROBISON? I have a theory about your habits, which I will lay out for you...

English women's stock has been so low since the war that it is no longer as common as it once was...

BODIES BANDED I should judge, from my observations, that the English women that I have seen here...

A CHANGE FOR THE CHILDREN
CHEAP HOLIDAYS BY RAIL
You, Jack and Jill and all the other school children, after the wear and anxiety of lessons and examinations, will need a change of scene, a change of holiday by rail - even if it is only a day-trip. That is really a necessary truce for mind and body - a duty for parents to the young.

School Air Raid Precautions

SOME PERPLEXITY One Scheme Proposes Evacuation

What is to happen to school children in the event of a war? In fact, no one seems to quite understand the conditions which circumstances are perceived to know what to do in the event of an aerial bombardment, and therefore what steps must be taken to protect them. The "Hastings Guardian" writes in an article on this subject:

The Home Office is now endeavoring to work out evacuation areas in the case of children who are likely to be in the area of a possible attack. It is proposed that the children should be taken to the green belt of the country, and that the evacuation should be done in a systematic way, and that the children should be taken to the green belt of the country.

Electric Warnings

Schools are to be alerted by means of a siren. Very young schoolchildren are to be taken to the green belt of the country. It is proposed that the children should be taken to the green belt of the country, and that the evacuation should be done in a systematic way, and that the children should be taken to the green belt of the country.

Expulsion on New Basis

The Act in respect of the expulsion of children from schools is to be amended. It is proposed that the children should be taken to the green belt of the country, and that the evacuation should be done in a systematic way, and that the children should be taken to the green belt of the country.

Transfer of Transferring

The Act in respect of the transfer of children from schools is to be amended. It is proposed that the children should be taken to the green belt of the country, and that the evacuation should be done in a systematic way, and that the children should be taken to the green belt of the country.

MOVING DEFENCE HEADQUARTERS

£2,000,000 SCHEME IN AUSTRALIA SOME OPPOSITION

The proposed early transfer of the central administration of the Australian Defence Department from London to Australia has met with some opposition. It is proposed that the children should be taken to the green belt of the country, and that the evacuation should be done in a systematic way, and that the children should be taken to the green belt of the country.

SALE OF PEDREGRE JERSEY BULLS

Disappointing Prices FREQUENT PASSINGS OCCUR Auction At Danversville

The bulls were mostly of average quality and were sold at the Danversville sale for prices ranging from 10 to 20 guineas. It is proposed that the children should be taken to the green belt of the country, and that the evacuation should be done in a systematic way, and that the children should be taken to the green belt of the country.

HEALTH ON THE FARM IS EASILY ATTAINED

How British Legislation Works In The Prevention Of Imperfections

Probably nobody has better opportunity than the country veterinarian for realizing the truth of the adage that "many a mickle makes a mack". When he is called in to remove the cause of defects in breeding stock, he is often surprised to find that the animals are not as well as they appear to be. It is proposed that the children should be taken to the green belt of the country, and that the evacuation should be done in a systematic way, and that the children should be taken to the green belt of the country.

USE OF PRINTED WRAPPERS

ADVERTISING FOR OUR FRUIT "WASTE OF MONEY" Mr. D. S. McLeod's Reply To Mr. R. P. Payton

"I still maintain that the printed wrapper is a waste of money," says Mr. D. S. McLeod, in a letter to the editor of the "Hastings Guardian" in reply to Mr. R. P. Payton's article on the subject. It is proposed that the children should be taken to the green belt of the country, and that the evacuation should be done in a systematic way, and that the children should be taken to the green belt of the country.

HAWKE'S BAY WOOL CLIP

Bumper Season Is In Prospect

It is rather soon to say in the wool market that the season is in prospect. However, the fact that the clip is so large is a sign that the season is in prospect. The clip is so large that it is a sign that the season is in prospect.

BEAUPART'S THE SEASON'S UNLUCKY COLT
More Solid With Every Race
PEERLESS REGAINING HER BEST FORM
Great Interest In The N.Z. Oaks

(By MOTORBOAT)
Beaupart must be reckoned to be the unluckiest colt of the season. There is still a question as to his chances...

Defender looked to have the New Zealand Derby stakes completely at his mercy yesterday. Though Beaupart, though decisively beaten by the outstanding Riccarton colt, made a wonderful finish and gave an indication that the stock of Beau Pure was sound...

Beaupart's race was a straight race made wonderful memorabilia for the great majority of spectators yesterday. Defender's race in the stakes made famous the wonderful Ghaziani, and Beauport carries the side on which competing in the "Tribuna"...
