AN ALL-AMERICAN FRONT AGAINST FASCISM

Swift Steps Taken Over Week-End PREPARATIONS FOR CONFERENCE IN PERU

All Shades of Opinion Included

Used Press Association—Copyright. (Revised November 14, 1938 p.m.)

While the new commitments of the German treaty of the Jews led the growing anti-German sentiment throughout the United States, the Government moved swiftly over the weekend to clear the way for a powerful front of the American republics against Europe's Fascist forces, when the eighth International Conference of American States will be convened at Lima, Peru, on December 3.

The State Department has settled its final dispute with Mexico, has assured Argentina that its wheat markets will be invaded, and has entertained and invited Cuba's Colonel Batista and appointed a National Unity delegation to be headed by the Secretary of State (Frank D. Roosevelt) and including Mr. Alfred M. Landon (former Republican candidate at the last Presidential election).

Refuges For Australia

VARIED PROFESSIONS All Shied As To The Past

FOR FOUR AUCLAND

By Theophrastus Press Association. (Revised November 14, 1938 p.m.)

Another group of 12 refugees from the Third Reich, who were rescued by the Niagara from Vancouver, were believed to have fled from their homes in Germany, four through passages for Sydney and Melbourne.

According to one of the party, the group fled from the Reich in order to escape the threat of arrest by the Gestapo, and they hoped to find refuge in Australia.

The party is being transported to Australia on the ship "Aurora," which is expected to arrive in Auckland on December 15.

Tubercular Patients Turned Out Of Sanatorium: Outrages Still Continue

Revised Press Association—Copyright. (Revised November 14, 1938 p.m.)

LONDON, Nov. 13. The "Daily Telegraph" correspondent at Berlin says that only four doctors were left to attend to hundreds of patients in the largest Jewish hospital. Two clinics are virtually totally defenceless in connection with typhoid.

The arrest of Jewish lawyers left their counterparts in a state of confusion. Jewish tubercular patients at the Silesian sanatorium were turned out to fend for themselves.

The outbreak at Caputh was closed at half an hour's notice.

Outrages continued at Glogau and elsewhere.

Relief organizations are at a standstill, leading to the greatest distress.

SUMMER AND SUNBURN ARE ON THE WAY

Useful Advice To The Girl Who Favours An Outdoor Life.

Another winter is left behind, and there is another summer to anticipate. Butting along on the winds, riding...

This year, so sensible and smart against sunburn. The weather that combines, both in health-giving and vitalising, can also wreath and turn the skin.

It has been so many years, and it is getting younger, that the sun has become so much more of a nuisance than it used to be.

It is not only the sun that is the cause of sunburn, but also the wind, which is so much more of a nuisance than it used to be.

RADIO CONTROL FOR AIRCRAFT

INGENIOUS DEVICES WHICH PERMIT "BLIND" LANDINGS AND ADD TO SAFETY

The fact that seven ultra-short wave radio beams, interlaced to secure greater safety in flying, are ready in Australia, but cannot be used because they have not yet been tested by the Civil Aviation Authority, is typical of the backward policy of our authorities in connection with almost all matters of aviation.

THE SHEEP-WORSHIPPING MENACE

Nothing but condemnation can be given to the deplorable action of the Hawke's Bay County Council at its meeting in Napier yesterday.

There is one consideration that will, we ought to note, be to the benefit of our local authorities to ensure that the "dog minnow" will be abolished. Thanks to stock and to the fact that the sheep-worshipping menace is a menace to the sheep-worshipping menace...

RAPID GROWTH OF THE CANNED MEAT INDUSTRY
A Wairoa Business That Is Proving Its Worth To The District

Service at Otane
Moving Pictures of Work in Dominion
FIRST OF ITS KIND

"Daily Mail" Special Service.

Wairoa.

What will probably play an important part in the industrial activities of the Wairoa district in the future is the production of canned meat by the rapidly growing industry that sprang up in the town during the past year.

The industry is growing rapidly as reflected in a statement of sales to the value of 500,000 cases of canned meat for the year ending in the month of August, which was made by the Wairoa branch of the Swift's Wairoa works. The department at the works employs about 200 men and the season generally produces a large quantity of good quality, the canned meat from Wairoa has not only made itself available to the district but also to other districts.
