The Egg Problem

From many parts of Hawke's Bay representatives and interested parties have been invited to attend a conference...

The question is: "What is the best way to handle the egg trade in this area?"

A considerable number think the time should be given.

It is an advertisement to the residents of the Hawke's Bay and the Christchurch and Dunedin areas.

It is a good idea to have a meeting to discuss the egg trade.

GROWTH OF FRUIT INDUSTRY
BETTER PACKING AND GRADING
POWER SPRAYING
Several Spectacular Changes

Those of us who have followed the growth of the fruit industry in Hawke's Bay since the late '20s have been struck by the rapid changes in the industry. The growth has been spectacular and has been due to a number of factors. One of the main factors has been the improvement in packing and grading. Another factor has been the use of power spraying. These changes have resulted in a higher quality of fruit and a larger export market. The industry is now producing a surplus of fruit and is looking for new markets. The future of the industry is bright and it is expected that it will continue to grow rapidly in the years ahead.

MARKET ERRATIC FOR FAT CATTLE
SOME QUALITY LINES OF FAT SHEEP OFFERED
Pigs And Poultry Sought After

(By MORGAN.)
There was a further lack of confidence shown by buyers in this week's live stock markets. Buyers appeared to be waiting until a steepest margin was reached before they would operate, but on a much reduced scale. It is evident that buyers are now able to stock up from supplies in their own districts. The only bright spot of the week was the recovery in the cattle market of Wairoa, but it was only a temporary rise, as prices dropped back again on Saturday.
The fat beef yarding at Hastings has been extremely erratic, and no one would be surprised to see a further decline in value. The market was slow and buyers were waiting for a better price. The price of fat sheep was also slow and buyers were waiting for a better price. The price of pigs and poultry was also slow and buyers were waiting for a better price.

NAPIER PARK RACES OPEN TODAY

Curie, Park Stakes Favourite

IMPROVING IVAR WILL BE IN DEMAND

Patrons Assured Good Sport

(By MOTOHORA)

The steps is set for the opening of the Napier Park Racing Club today. While the track will be easier after the rain on Thursday, the going will not be so unfavourably affected, as all Hawke's Bay tracks were becoming hard and dry as has been a habit.

With prospects of fine weather to-day there should be large attendance. The meeting will start at 12.15 p.m. and will be in session until 4.30 p.m. The following are the principal events:—

Single pool betting is available at the Napier meeting and the first race, which is fixed to start at 12.15 p.m., will guarantee the best betting people to be present for the full program.

It is expected that the meeting will be a success. The weather is expected to be fine and the going will be good. The following are the principal events:—

There will be a special feature in the afternoon when the Curie will start. This horse is expected to be a strong contender for the title. The following are the principal events:—
