Horticultural Society Hold Annual Rose And Sweet Pea Show

The colour and fragrance of countless beautiful flowers, carefully raised to bloom for the occasion, transformed the Foresters' Hall, Napier, yesterday when the Napier Horticultural Society (Incorporated) held its annual spring show.

The colour and variety of the blooms exhibited were especially beautiful. The display of roses, including many lovely roses and carnations, and the artistic flower decorations, met the eye in a bewildering array.

The front of the show was headed with a varied display of flowers and shrubs which were arranged in a most attractive manner. The plants were filled with multi-coloured lupins, and arrays of tall, elegant climbing roses were trained over the top of the stage.

Calceolarias in many shades of yellow were massed with tall, blue, pelargoniums, stocks, and branches of beautiful bearded irises.

The art of floral arrangement was shown to its best advantage in many ways, the winning afternoon tea table looking most attractive with a low screen behind it, and a very happy group of guests seated around it.

For those who like to date and have to garden in the "dash system" "dash system" must be a very convenient one, and one which is particularly well adapted to English weather, especially with the "dash system".

There is no doubt that the "dash system" is a very convenient one, and one which is particularly well adapted to English weather, especially with the "dash system".
