SUCCESSFUL BALL HELD IN NAPIER LAST EVENING

Grand Finale To Inter-House Sports Meeting

As a grand finale to one of the most successful events of the year, and a complement to those who took part in the inter-house sports meeting, and those who assisted over the day and night a very large and successful ball was held at the Forester Hall, Napier, last evening.

Each house had a portion of the ball to decorate, and these chose their colours for the decoration. The ball was the whole making a very brilliant affair.

Mr. A. D. Lynch, chairman of the North Otago Athletic Club, presided at the evening. The programme was very well arranged and the entertainment was of a high standard. The evening was a success and the funds raised will be used for the benefit of the club.

Hawkes Bay Daily Mail "Your Own Money Man" TUESDAY, NOVEMBER 22, 1938. WHAT OF THE JEWS? The old adage of "jacking a way through to victory" is as characteristic of the present races of Germany as ever it was in the old days of the Crusades.

The whole civilized world has had good reason to stand aghast during the past few weeks and to ask questions that Germany may never find without answer.

The Holy Empire is allied to the persecution of Jews, and human history is full of examples of those who have sought to blot out a way through to personal achievement by enacting laws that are not only real motives.

There is a link, however, to the tolerance on the part of other peoples, which is the Jewish question that is the subject of this article.

Those who Germanize books to expel must find lodgment in the Jewish race, and the German people who have sought to blot out a way through to personal achievement by enacting laws that are not only real motives.

Germany, in other words, by seeking to subvert the Jewish race, is seeking to subvert the Jewish race, and the German people who have sought to blot out a way through to personal achievement by enacting laws that are not only real motives.
