**GAY FROCKS LEND COLOUR TO THE RACECOURSE IN HASTINGS**

Every Shade And Style May Be Worn This Summer

A beautiful sunny day in Hastings yesterday, for the second day of the Hawke's Bay Jockey Club, gave many women an opportunity to look most charming in their attractive summer frocks and hats.

It was most noticeable from the fashion point of view that a wonderful variety of colours and styles have been offered by the designers this year, and the lawn at the racecourse presented a more gay and varied appearance than for any considerable time.

Though many blue and black have remained popular for many seasons, they will always be brought in quite a number of novelties, but other colours have been becoming more popular. Lovely vivid cherry shades are often very becoming and several examples of this colour were seen. Other new tones were also favoured, and also clever shades of green, golden tones, and London tan.

Floral effects were also seen, and these over and large and small designs were especially popular, though stripes in all varieties, especially in shades of blue, were also seen.

Styles for frocks and coats were numerous and of every type, many of which were new.
