THE MAP CHANGES AGAIN

For more than two years the map of Spain has been divided into two parts. The one part represented the territory held by the Government, but the area, comprising by the Rebel (Nationalist) forces was rapidly being extended.

...
The result of the conflict is now beyond doubt, for the cities of Madrid and Barcelona are interdependent, and with Barcelona in the hands of the rebels, the former capital cannot stand for any length of time.

...
The story of the Civil War will make an interesting page in the history books of the future. It will be a page that will show how the struggle for the soul of the nation was fought and how the nation was divided.

DEFAULTER AND BEAULIVE

The Stars At Trentham SIDELIGHTS ON FORM AT THE MEETING

Interest In Wairoa Fixture

(By MORTON)

Although the Wellington meeting provided this feature with good racing and quite a number of horse races, these days of Trentham last races with the falling of the curtain of Defaulter and Beaulive, the class was willing to resthew over. However, those two horses were worth a good look.

Defaulter is undoubtedly the horse of the day and, although he was given a stiff weight for a three-year-old at the Wellington Cup, he made the opposition very cheap and produced a very good race for an effort. The Wellington Cup has been won with greater ease and it is a matter worth noting that he will see no more of him under racing conditions in New Zealand this time.

Changing his class to make by the Wellington Cup was a serious mistake. He put that good Billy Collins and that brilliant and versatile colt Tyro in the shade in the Wellington Stakes.

His second more impressive victory was his success in the Nursery Handicap under his standard of 97. For he strolled and easily led a field of the good. Only a really good colt could have done what he did to come again at the same weight, especially when the two-year-old and three-year-old divisions, and Wellington form is likely to be a very big influence.

Nonetheless, there was a number of horses seen at Trentham who improved as far this season. It is noticeable that the two-year-olds and three-year-olds were not so much as they were in the past.

BEAT VITE was a very interesting horse. He was not so much as he was in the past. He was not so much as he was in the past. He was not so much as he was in the past.

MELLAUGH, who will be remembered for his success in the 1000 Yearling Stakes, was a very interesting horse. He was not so much as he was in the past.

HEAVY was a very interesting horse. He was not so much as he was in the past. He was not so much as he was in the past.

KONETTI is a very interesting horse. He was not so much as he was in the past. He was not so much as he was in the past.
