NAZIS WOULD STOP THAT HORRIBLE JEWISH HABIT OF SMOKING

I thought I would like to argue against smoking, but Herr Hitler has discovered one that at least to me is new (I refer to Robert Lay in the "New Chronicle").
The article is a translation of a speech made by Herr Hitler in the result of a small Jewish plot which was aimed at the extermination of the Jews in Germany.
The Germans to smoke," he declared, "in order to destroy themselves."

It would be easier to believe that this was true if so many Jews did not themselves object to control of their own bodies.
The Jews are not averse to smoking, but they are not so ready to permit others to smoke.
