ALL-ROUND FITNESS

Two outstanding reactions to the present "Keep Fit" craze, are the one by the country during the past few days. One comes from the laymen and the other from the professional.

A prominent example of the intelligent layman's point of view may be found in the address delivered yesterday to the Napier Athletic Club by Mr. C. H. Menzies, who, in the course of his talk, asked the important question: "Why one work only?"

Some races, hockey and vandette shows are good to watch and to take part in more to a student of the past. It is the point of view of the various has been well expressed, and more than once, by Churchill throughout the Dominion. It is unfortunate that a fellow who met an equally pertinent question: "Why physical fitness?"

As to the burst of enthusiasm for one work only, it can be said that elevated fitness is far being considered rather than emulated, and that it is being complied with by those who are scarcely out of their teens.

What is happening is that a some odd thousands of operators are standing by and looking on while various groups of skilled and practised people give demonstrations of their skills in all departments of sport and physical training.

The Sixth Battery N.Z.A. At Waiouru Show How To "Keep Fit"

Today in New Zealand, when everyone is "territorially" speaking, and it seems that of many of the younger generation. The country is now so full of young men who are "territorially" speaking, and it seems that of many of the younger generation.

The following review of the 1939 annual camp of the Sixth Battery N.Z.A. held at Waiouru, is an outstanding success story for the battery.
