FOLLY OF ARMS RACE: BANKRUPTCY OF EUROPE? MR CHAMBERLAIN HOPES WORLD PROBLEMS MAY BE SOLVED

COMMONS DEBATE ON DEFENCE

While I cannot consent that we should relax our armaments in any degree until we can do so by general agreement with others who will do the same, I do say that I feel it is our duty, and the duty of this Government in particular, to watch for every opportunity that may come to try to persuade other Governments of the folly of the course we are all pursuing and put an end to a situation which, if it is permitted to run, being bankruptcy to every country in Europe...

The suggestion that the most serious danger to the peace of the world was the possibility of a world war was the subject of a speech by the Prime Minister in the House of Commons on Wednesday night...

The speaker of the Opposition (Mr. C. Atterley) said that the Labour Party would not be able to do more than to support the Government in its policy of maintaining the armaments race...

REVIEW OF THE FIRST DAY'S FIELDS

Hawke's Bay News Engaged

BY MOTIROA

The Wanganui Cup meeting opens to-day and the presence of a number of Hawke's Bay horses at the River City will attract considerable attention from provincial racing enthusiasts. The material is in the best racing and two good day's sport should be provided.

The first race is scheduled to start at noon and single pool betting will be in operation at the meeting, the first race on the programme being the
