FRANCO OFFERS DICTATORS AIR AND NAVAL BASES

"Event of War With Great Britain And France"

A VIRTUAL ALLIANCE

By Telegraph—Press Association. (Received February 24, 6 p.m.)

WASHINGTON, Feb. 25. In a secret report received by the United States Government, it is revealed that General Franco has promised Signor Mussolini and Herr Hitler "full cooperation in the use of Spanish air and naval bases in the event of war between the Franco Government and Great Britain and France," says an authoritative statement.

Both Germany and Italy will be permitted to establish five submarine bases on the Spanish coast. Germany will be allowed to take over the submarine and air bases in the Canary Islands and Rio de Oro.

The agreement amounts to a virtual military alliance, and represents Italy's and Germany's reply for assenting to crush the Spanish Republican Government.

Although the alliance thus far is informal, it is strictly binding, and its terms give Italy and Germany access to Spain which would enable them to smash Gibraltar.
