British Liberty Will Never Be Surrendered "CHALLENGE OF FORCE"

British Official Wireless

Love of peace as he was, he has not sacrificed for it the liberty which Britain had enjoyed for centuries, and he would willingly exchange it for the peace which Neville Chamberlain, speaking at Birmingham...

Chamberlain declared that if the agreement they sought were to be made, it would mean that power should be used to obtain the agreement...

His speech was listened to by some 100,000 people in the Albert Hall, London, and it was the first time since the outbreak of the war that the British people had gathered in such numbers to hear a speech by their Prime Minister.

Mr. Chamberlain said: "What I have said here tonight is what I have said in the House of Commons, and what I have said in the House of Commons is what I have said in the House of Commons."

He said that he had no intention of surrendering the liberty which Britain had enjoyed for centuries, and he would willingly exchange it for the peace which Neville Chamberlain, speaking at Birmingham...

(Special from MOTUROA)
WELLINGTON, March 19.
It took a real run-out in the North Island Challenge Stakes from Beau Vite came at the straight entrance, despite the fact that he was the first to possibly meet him...

Resultive was second to High Class in the spring, and has done well since, but of this race can be taken as any other race, he will have to play second fiddle to Beau Vite every time they meet from now on.

Cratered showed her liking for Twelfth by finishing third, but she always has been a good runner, and she showed a good improvement on her recent form, being only a couple of lengths behind her opponent.

Mercurial showed himself as useful by running on fourth, but Smoke Screen was one of his good ones, and he was treated to a walk-in in the run home and was just past the blue rail.

At the Wellington race, Beau Vite was the favorite, and he was the only one to get a good start, and he was the only one to get a good start, and he was the only one to get a good start...
