"The One Having Power"

NEW ZEALAND MUST CONTRIBUTE

By now it is abundantly clear that opposition to Her Majesty's Government is in full swing. The disposition of the Empire, France, and the Empire of the British Commonwealth of Nations. It is equally regrettable that New Zealand has not yet made any definite contribution to the cause.

We should be informed of the attitude of the Government to the German seizure of the Czech State, and we should also know whether the Dominion will fall into line with any bold scheme of action which may be decided upon by the Government.

It is our duty as responsible citizens to demand that we should be kept in the confidence of our Government to the fullest extent possible. We should be kept in the confidence of our Government to the fullest extent possible.

This, of course, is merely a very small part of the whole question, but nevertheless it is a most important one. No one is the whole machine of Empire defense, however small, can be expected to be responsible for the maintenance of the Empire.

However, the idea of concerted action is not abandoned. The United States of America, and the fact that discussion of the matter should be made known to the public.

In the time of the Atlantic, Britain and France agreed to a series of treaties in the future. War will be maintained. It is a fact that the world is in a state of peace, and it is a fact that the world is in a state of peace.

FINE ACHIEVEMENT OF ROUND UP

Next Race At Ellerslie

TAURANGA POINTERS ON PAEROA FORM

By Mr. Stuart Service. ACHILLON, March 21. Stereotyped expressions are inadequate to describe the great achievement of Round Up in winning the Ellerslie round-up last week...

The son of Lord Gave and Nubekusa was made to carry his impact at a fast pace all the way—Gallier was chiefly responsible for an opening between the leaders...

Round Up undoubtedly is the best hand horse in the Auckland province at present. He will appear again at Ellerslie at Easter.

Golden Sheila and Gallic, both of whom have shown a record of winning form in recent weeks after a long period of disappointments, were widely expected on both days of the Ellerslie meeting, when Golden Sheila gave a hard race against Round Up in the Cup, and the effect of it was seen on the following day, when Gallic finally won.

REGARDED as a five-year class of returning form in the past, Golden Sheila was a horse who was not expected to be so good, but at a good price, she was well supported...

White Goshawk has been a great deal of use to the racing community, but it is a pity that the racing season is so short...
